MEMORANDUM OF
AGREEMENT
AND
CONSENT DECREE

This Memorandum of Agreement and Consent Decree (MOA) is made and entered into by the United States of America (United States) and the State of Alaska (State) (collectively referred to as the "Governments").

INTRODUCTION

WHEREAS, Section 311 of the Clean Water Act, 33 U.S.C. § 1321, establishes liability to the United States and to States for injury, loss or destruction to natural resources resulting from the discharge of oil or the release of hazardous substances or both;

WHEREAS, the United States and the State are trustees and/or co-trustees for natural resources injured, lost or destroyed as a result of the EXXON VALDEZ Oil Spill;

WHEREAS, Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. § 9607, the National Contingency Plan, 40 C.F.R. § 300.615(a), and the Natural Resource Damage Assessment Regulations, 43 C.F.R. § 11.32(a)(1)(ii), provide a framework for and encourage the state and federal trustees to cooperate with each other in carrying out their responsibilities for natural resources;

WHEREAS, the Secretaries of the United States Departments of the Interior and Agriculture and the Administrator of the National Oceanic and Atmospheric Administration (NOAA), a bureau of the United States Department of Commerce, have been designated

trustees for purposes of the Clean Water Act, 33 U.S.C. § 1321, and CERCLA, 42 U.S.C. § 9607, and otherwise have statutory responsibilities related to the natural resources injured, lost or destroyed as a result of the Oil Spill, and the United States Environmental Protection Agency (EPA) has been designated by the President of the United States to coordinate restoration activities on behalf of the United States;

WHEREAS, the Commissioners of the State Departments of Fish and Game and Environmental Conservation and the Attorney General of the State of Alaska have been designated trustees for purposes of the Clean Water Act, 33 U.S.C. § 1321, and CERCLA, 42 U.S.C. § 9607, and otherwise have statutory responsibilities relating to the natural resources injured, lost or destroyed as a result of the Oil Spill;

WHEREAS, the United States Coast Guard, an agency of the United States Department of Transportation, is the predesignated Federal On-Scene Coordinator (FOSC) to direct response efforts and to coordinate all other efforts at the scene of the Oil Spill, pursuant to the Clean Water Act, 33 U.S.C § 1321, and the National Contingency Plan, 40 C.F.R. § 300, and is coordinating its efforts with the Federal Trustees in accordance with the National Contingency Plan;

WHEREAS, the State Department of Environmental Conservation is the State On-Scene Coordinator (SOSC) to direct containment and cleanup of discharged oil pursuant to AS 46.04.020;

WHEREAS, the United States Department of Justice (Justice) and the Department of Law for the State of Alaska (Law) have constitutional and statutory responsibility for litigation management and specifically for prosecuting claims for damages for injury, loss or destruction to the natural resources affected by the Oil Spill;

WHEREAS, all of the above state and federal entities have determined that it is in furtherance of their statutory and trust responsibilities to assure that all injuries, loss or destruction to state and federal natural resources are fully compensated and to assure that such compensation is used in accordance with law;

WHEREAS, the United States and the State have entered into an Agreement and Consent Decree ("Agreement and Consent Decree") with Exxon Corporation, Exxon Shipping Company, and Exxon Pipeline Company (collectively referred to as Exxon) which provides for the recovery of compensation for damages resulting from the Oil Spill, including natural resource damages;

WHEREAS, the United States and the State have claims against one another with respect to their respective shares in recoveries from Exxon for compensation for damages resulting from the Oil Spill, including natural resource damages, and have determined that entering into this MOA is the most effective means of resolving those claims and will best allow them to fulfill their duties as Trustees;

WHEREAS, on or before the lodging of this MOA with the Court, the United States and the State will each have filed a complaint

in this Court against the other Government asserting civil claims relating to their respective shares in recoveries from Exxon for compensation for damages arising from the Oil Spill (Governments' Complaints);

WHEREAS, all of these state and federal entities have determined that the procedures set forth in this Memorandum of Agreement (MOA) will best enable them to fulfill their duties as trustees to assess injuries and to restore, replace, rehabilitate, enhance or otherwise acquire the equivalent of the natural resources injured, lost or destroyed as a result of the Oil Spill;

NOW THEREFORE, in consideration of their mutual promises, the United States, acting through the United States Departments of the Interior, Agriculture, Transportation, and Justice, NOAA, and EPA, and the State of Alaska, acting through the State Departments of Fish and Game, Environmental Conservation, and Law (together "the Governments") have agreed to the following terms and conditions, which shall be binding on both Governments, it is hereby ORDERED, ADJUDGED, AND DECREED as follows:

I.

JURISDICTION

The Court has jurisdiction over the subject matter of the claims set forth in the Governments' Complaints and over the parties to this MOA pursuant to, among other authorities, 28 U.S.C. §§ 1331, 1333 and 1345, and section 311(f) of the Clean Water Act, 33 U.S.C. § 1321(f).

II.

DEFINITIONS

For purposes of this MOA,

A. "Allowed Expenses" means reasonable, unreimbursed costs obligated on or before the effective date of the Agreement and Consent Decree for the planning, conduct, evaluation and coordination of natural resource damage assessment and restoration pursued by the Governments with respect to the Oil Spill or by the State for experts and counsel in connection with the preparation of the Oil Spill Litigation and the unreimbursed response and cleanup costs incurred by the Governments on or before December 31, 1990.

B. "CERCLA" means the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. § 9601 et seq. as amended.

C. "Clean Water Act" means Federal Water Pollution Control Act, 33 U.S.C. §§ 1251-1376, as amended.

D. "Joint use" means use of natural resource damage recoveries by the Governments in such a manner as is agreed upon by the Governments in accordance with Article V of this MOA.

E. "National Contingency Plan" means the National Oil and Hazardous Substances Pollution Contingency Plan, 40 C.F.R. Part 300.

F. "Natural resources" means land, fish, wildlife, biota, air, water, ground water, drinking water supplies, and other such

resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States (including the resources of the fishery conservation zone established by the Magnuson Fishery Conservation and Management Act of 1976) and/or the State.

G. "Natural resource damage recovery" means those monies paid to the Governments by Exxon which are received in settlement of natural resource damage claims arising from the Oil Spill and consists of the settlement monies not reimbursed to the Governments either as 1) allowed expenses or 2) in the case of response and cleanup costs, those unreimbursed costs incurred by either Government after December 31, 1990 and certified by the FOSC with respect to the FOSC directed costs and by the SOSC with respect to SOSC directed costs. The term includes all interest accrued on any such recoveries.

H. "Oil Spill" means the grounding of the T/V EXXON VALDEZ on Bligh Reef in Prince William Sound, Alaska on the night of March 23-24, 1989 and the resulting oil spill.

I. "Oil Spill Litigation" means any past, present or future civil judicial or administrative proceeding by the Governments against Exxon or by Exxon against the Governments relating to or arising out of the Oil Spill.

J. "Restore" or "Restoration" means any action, in addition to response and cleanup activities required or authorized by state or federal law, which endeavors to restore to their pre-spill condition any natural resource injured, lost, or destroyed

as a result of the Oil Spill and the services provided by that resource or which replaces or substitutes for the injured, lost or destroyed resource and affected services. Restoration includes, injury assessment, restoration, replacement and enhancement of resources and acquisition of equivalent resources and services.

K. "Settlement monies" means all monies received from Exxon under the Agreement and Consent Decree between the Governments and Exxon in settlement of the Oil Spill Litigation, exclusive of amounts credited to Exxon for cleanup costs incurred after December 31, 1990.

L. "Trustees" means the officials now or hereafter designated by the President of the United States and the Governor of the State of Alaska to act as trustees, for purposes of CERCLA and the Clean Water Act, of natural resources injured, lost or destroyed as a result of the Oil Spill

III.

CO-TRUSTEESHIP

A. The Governments shall act as co-trustees in the collection and joint use of all natural resource damage recoveries from Exxon for the benefit of natural resources injured, lost or destroyed as a result of the Oil Spill.

B. Nothing in this MOA shall be deemed an admission of law or fact by either Government concerning ownership, right, title, or interest in or management or control authority over natural resources or the right to recover for injury to such resources.

Except in matters concerning or relating to enforcement of this MOA and the settlement of the Oil Spill Litigation, the Governments agree that this MOA may not be used by one Government against the other for any reason.

C. Nothing in this MOA shall be construed to affect or impair in any manner the rights and obligations, if any, of any entities or persons not parties to this MOA, including without limitation:

1. The rights and obligations, if any, of Alaska Native villages to act as trustees for the purposes of asserting and compromising claims for injury to, destruction of, or loss of natural resources affected by the Oil Spill and expending any proceeds derived therefrom;

2. The rights and obligations, if any, of legal entities or persons other than the United States and the State who are holders of any present right, title, or interest in land or other property interest affected by the Oil Spill;

3. The rights and obligations, if any, of the United States or the State or both relating to such Alaska Native villages and the entities or persons referred to in subparagraph 2 above.

IV.

ORGANIZATION

A. General Provisions

1. All decisions relating to injury assessment, restoration activities, or other use of the natural resource

damage recoveries obtained by the Governments, including all decisions regarding the planning, evaluation, and allocation of available funds, the planning, evaluation, and conduct of injury assessments, the planning, evaluation and conduct of restoration activities, and the coordination thereof, shall be made by the unanimous agreement of the Trustees. Such decisions, on the part of the Federal Trustees, shall be made in consultation with EPA.

2. The Governments shall cooperate in good faith to establish a joint trust fund for purposes of receiving, depositing, holding, disbursing and managing all natural resource damage recoveries obtained or received by the Governments in connection with settlement of the Oil Spill Litigation in accordance with paragraph V.A. The joint trust fund shall be established in the Registry of the United States District Court for the District of Alaska or as otherwise determined by stipulation of the Governments and order of the court.

3. If the Trustees cannot reach unanimous agreement on a decision pursuant to paragraph A.1. of this Article, and either Government so certifies, either Government may resort to litigation in the United States District Court for the District of Alaska with respect to any such matter or dispute. At any time, the Governments may, by mutual agreement, submit any such matter or dispute to non-binding mediation or other means of conflict resolution.

4. The Trustees shall establish procedures providing for meaningful public participation in the injury assessment and

restoration process, which may include establishment of a public advisory group to advise the Trustees with respect to the matters described in paragraph IV.A.1.

5. The Trustees shall agree to an organizational structure for decisionmaking under this MOA within 90 days from the date the Agreement and Consent Decree has been approved and entered as a judgment of the Court.

B. Injury Assessment and Restoration Process

1. Nothing in this MOA limits or affects the right of each Government unilaterally to perform any natural resource injury assessment or restoration activity, in addition to the cooperative injury assessment and restoration process contemplated in this MOA, from funds other than natural resource damage recoveries as defined in paragraph G of Article II.

2. Nothing in this MOA constitutes an election on the part of either Government to adhere to or be bound by the Natural Resource Damage Assessment Regulations codified at 43 C.F.R. Part 11.

3. Nothing in this MOA shall prevent the President of the United States or the Governor of the State of Alaska from designating, pursuant to applicable law, an official or officials to exercise any or all rights or obligations of their respective Governments under this MOA. Neither Government shall object to any designation of such officials, or to any transfer of Trustee status from one official to another, by the other Government; provided that, in no event shall either Government designate more

than three Trustees for the purposes of carrying out the provisions of this MOA. The designation of such officials or of successor Trustees by either Government shall not affect the enforceability of this MOA.

C. Role of the Environmental Protection Agency

The Governments acknowledge that the President has assigned to EPA the role of advising the Federal Trustees and coordinating, on behalf of the Federal Government, the long-term restoration of natural resources injured, lost or destroyed as a result of the Oil Spill.

V.

DISTRIBUTION OF SETTLEMENT MONIES

A. Joint Use of Natural Resource Damage Recoveries

The Governments shall jointly use all natural resource damage recoveries for purposes of restoring, replacing, enhancing, rehabilitating or otherwise acquiring the equivalent of natural resources injured as a result of the Oil Spill and the reduced or lost services provided by such resources. The Governments shall establish standards and procedures governing the joint use and administration of all such natural resource damage recoveries. All natural resource damage recoveries shall be placed in the joint trust fund for use in accordance with the terms and conditions of this MOA.

B. Reimbursement of Allowed Expenses and Response Costs

Up to 72 million dollars for the State and up to 62 million dollars for the United States shall be available from the

settlement monies, at the election of each Government, for reimbursement of allowed expenses. In addition, all of the Governments' unreimbursed response and cleanup costs incurred after December 31, 1990 and certified by either the FOSC or SOSC shall be reimbursed out of the settlement monies. Reimbursements of allowed expenses described in this paragraph shall be paid directly to the Governments by Exxon over a period of 5 years.

C. Except as otherwise provided in this MOA, the Governments agree that all natural resource damage recoveries will be expended on restoration of natural resources in Alaska unless the Trustees determine, in accordance with Article IV, paragraph A.1. hereof, that spending funds outside of the State of Alaska is necessary for the effective restoration, replacement or acquisition of equivalent natural resources injured in Alaska and services provided by such resources.

D. Nothing in this MOA shall be construed as obligating the Governments to expend any monies except to the extent funds are appropriated or are otherwise lawfully available.

VI.

SCIENCE STUDIES

The Governments shall continue to work cooperatively to conduct all appropriate scientific studies relating to the Oil Spill, including specifically the scientific studies approved by the Trustees for the 1991 field season.

VII.

COVENANTS NOT TO SUE

A. Each Government covenants not to sue or to take other legal action against the other Government with respect to the following matters:

1. The authority of either Government to enter into and comply with the terms of this MOA.
2. The respective rights of either Government to engage in cleanup, damage assessment or restoration activities with respect to the Oil Spill in accordance with this MOA.
3. Any and all civil claims (including, but not limited to, cross-claims, counter-claims, and third party-claims) it may have against the other Government arising from any activities, actions, or omissions by that other Government relating to or in response to the Oil Spill which occurred prior to the execution of this MOA, other than claims to enforce this MOA.

B. Solely for purposes of the Oil Spill Litigation and any other proceedings relating to the determination, recovery, or use of natural resource damages resulting from the Oil Spill, each Government shall be entitled to assert in any such proceeding, without contradiction by the other Government, that it is a co-Trustee with the other Government over any or all of the natural resources injured, lost or destroyed as a result of the Oil Spill, and each Government covenants not to sue the other with respect to, or to take any other legal action to determine, the

scope or proportionate share of either Government's ownership, rights, title or interest in or management, control, or trusteeship authority over any of the natural resources injured, lost or destroyed as a result of the Oil Spill.

C. Notwithstanding anything in this Article, each Government reserves the right to intervene or otherwise to participate in any legal proceeding concerning the claims of a third party with respect to the scope of either Government's Trusteeship and waives any objection to such intervention or participation by the other Government.

D. If the Governments become adverse to each other in the course of the Oil Spill Litigation, this MOA shall remain in effect.

E. Notwithstanding the covenants contained in paragraph VII.A. and notwithstanding any provisions of the Agreement and Consent Decree between the Governments and Exxon, if both Governments are sued by a Third Party on a claim relating to or arising out of the Oil Spill, the Governments agree to cooperate fully in the defense of such action, and to not assert cross-claims against each other or take positions adverse to each other. Each shall pay its percentage of liability, if any, as determined in a final judgment.

F. Notwithstanding the covenants contained in paragraph VII.A. and notwithstanding any provisions of the Agreement and Consent Decree between the Governments and Exxon, if one of the Governments is sued by a Third Party on a claim relating to or

arising out of the Oil Spill, the Governments agree the non-sued Government shall cooperate fully in the defense of the sued Government, including intervening as a party defendant or consenting to its being impleaded, if necessary. If the non-sued Government thereby becomes a party to the action, the Governments agree not to assert cross-claims against each other, to cooperate fully in the defense of such action, and not to take positions adverse to each other. Each shall pay its percentage of liability, if any, as determined in a final judgment.

VIII.

**ENFORCEMENT OF AGREEMENT
AND
GOVERNING LAW AND VENUE**

A. This MOA shall be enforceable by the United States District Court for the District of Alaska, which Court shall retain jurisdiction of this matter for the purpose of entering such further orders, directions, or relief as may be appropriate for the construction, implementation, or enforcement of this MOA.

B. If this MOA is subsequently and finally determined to be invalid, this MOA shall terminate and the disposition to the Governments of any remaining natural resource damage recoveries shall be determined by further agreement of the Governments or by an allocation of such recoveries by the United States District Court for the District of Alaska, subject to appellate review in accordance with applicable law.

IX.

MULTIPLE COPIES AND EFFECTIVE DATE

This MOA may be executed in several counterparts, each of which shall be an original, but all of which shall constitute one and the same instrument. Except for the provisions contained in Article VI, which shall be effective as of the date this MOA is signed by all the signatories hereto, this MOA shall be effective as of the date the Agreement and Consent Decree has been approved and entered as a judgment of the Court.

X.

INTEGRATION AND MERGER

A. This MOA and the Agreement and Consent Decree between the Governments and Exxon constitute the entire agreement between the United States and the State as to the matters addressed herein, and there exists no other agreement of any kind which is inconsistent with this MOA with respect to the subjects addressed in this MOA; provided, that the agreement reached among the Trustees as to disbursements of the original \$15 million paid by Exxon in April, 1989 shall remain in full force and effect.

XI.

TERMINATION

The obligations of the parties under this MOA shall terminate sixteen years from the effective date of this MOA, or upon termination of the Agreement and Consent Decree, unless otherwise agreed by the Parties.

XII.

JUDICIAL REVIEW

This MOA creates no rights of action on the part of any persons not signatory to this MOA and shall not, except as provided in Article VII, be subject to judicial review.

This MOA is executed at the time and on the dates set forth below.

XIII.

MISCELLANEOUS

A. This MOA can be modified only with the express written consent of the Parties to the MOA and the approval of the Court.

B. Each undersigned representative of the Parties to this MOA certifies that he or she is fully authorized to enter into the terms and conditions of this MOA and to execute and legally bind such Party to this MOA.

THE FOREGOING Memorandum of Agreement and Consent Decree among the United States of America and the State of Alaska is hereby APPROVED AND ENTERED THIS ____ DAY OF _____, 1991.

Honorable H. Russel Holland
United States District Judge
District of Alaska
