Rehab. Interior of Residences	15,000 (MMS)
White Fronted Goose Banding	2,000 (NAWMP 1230)
Landbird Point Counts	2,000 (1230)
Project Subtotal	181,000
3. Fire Program:	
Administrative Support	2,000 (9110)
Fire Training and Travel	2,000 (9120)
Mtg & Workshop Travel (fire plan rewrite)	10,000 (9120)
Presuppression Prescribed Fire	7,000 (9120)
Equipment - Radio Maintenance	5,000 (9120)
Project - Fuels Mapping	34,000 (9120)
Project - Barge Fuels	15,000 (9120)
Project - EE/Interpretation	17,000 (9120)
Fire Fund Subtotal	92,000
FY-93 Total Funds	786,000

6. Safety

The remoteness, isolation, climatic conditions, and lack of access to emergency medical services require that safety be considered the number one priority while conducting operations on the Innoko NWR.

Training is considered an important component of the overall safety program. We do not limit our training to the minimum required by policy.

DM Reid attended an arctic survival training course conducted at Eielson Air Force Base in Fairbanks in January. WB/P Finley also completed emergency maneuver ("spin") training in Chandler, Arizona in conjunction with his annual law enforcement refresher training the same month. In November, BT Mallek attended a Wilderness EMT course to make his current EMT certification more
