

Unit I

Forest and Tundra Ecology

Role of Fire

Unit I: Forest and Tundra Ecology Table of Content

	Page
Background	1
Important information for teachers	
Reading the Alaska Environment (K-12)	14
In an outdoor activity, students closely observe their environment	
Material Handouts	
*Reading the Alaska Environment	
*Boreal Forest Observations	
*Tundra Observations	
*Don't Tear Me Apart or Crush My Home (Page 22)	
Identifying Objects (3-8)	24
Students learn about dichotomous keys and how they are used to identify plants	
Material Handouts	
*Plant Key - Summer	
*Plant Key - Winter	
Blind Walk (K-12)	28
In an outdoor activity, students explore the local ecosystem using only their sense of touch and smell	
Material Handouts	
*Blind Walk Student Worksheet	
*Don't Tear Me Apart or Crush My Home (Page 22)	
Transect Study (6-12)	33
Students set up transects near the school to systematically study the local ecosystem.	
Material Handouts	
*Transect Study Field Worksheet	
*Don't Tear Me Apart or Crush My Home (Page 22)	

Making the Forest and Tundra Wildlife Connection (5-12)	40
Students participate in an active game to form food chains of the boreal forest	
Material Handouts	
*Alaska Ecology Cards (Page 44)	
Critter Search (K-12)	80
Students look for evidence of small animals and their tracks in an outdoor setting	
Material Handouts	
*Critter Search Treasure Hunt Worksheet	
The Succession Race (5-12)	83
Students play an active game in which they pretend they are plants. As the plants progress through boreal forest succession they encounter conditions which affect them	
Material Handouts	
*Succession Cards	
*Succession of the Boreal Forest After Fire	
Boreal Forest Succession (K-12)	92
Students observe and record the different stages of forest succession around their school grounds, and illustrate succession in the boreal forest by making field notebooks and a mural	
Material Handouts	
*Succession of the Boreal Forest After Fire	
Living on the Edge (5-8)	97
Students play a game to create a vegetation mosaic and discuss their influence on wildlife diversity	
Material Handouts	
*Living on the Edge Forest Graph Paper	
*Living on the Edge Key	
*Forest Mosaic of Yukon Flats	
*Alaska Ecology Cards (Page 44)
