GAME MANAGEMENT UNITS

REFERRING TO AREAS LISTED IN

ALASKA GAME REGULATIONS

1962-63 EDITION

DESCRIPTIONS OF GAME MANAGEMENT UNITS

310.01 **General provisions.**
The taking of game shall be limited to the respective open seasons, bag limits and other applicable provisions as prescribed in relation to twenty-six geographical divisions of the State designated as Game Management Units and described in this Part.

310.02 **Unit 1, Southeast Mainland.**
The southeast Alaska mainland from Dixon Entrance to Cape Fairweather and those islands lying east of Clarence Strait from Dixon Entrance to Camano Point and all islands in Stephens Pass and Lynn Canal north of Taku Inlet.

310.03 **Unit 2, Prince of Wales.**
Prince of Wales and all adjacent islands bounded by a line drawn from Dixon Entrance in the center of Clarence, Kashevarof and Sumner Straits to and including Warren Island, in southeastern Alaska.

310.04 **Unit 3, Petersburg—Wrangell.**
Coronation, Kuiu, Kupreanof, Mitkof, Zarembo, Kashevarof, Woronkofski, Etolin, Wrangell, Deer and all adjacent islands in southeastern Alaska.

310.05 **Unit 4, Admiralty—Baranof—Chichagof.**
Admiralty, Baranof, Chichagof, Yakobi, Inian, Lemesurier, Pleasant and adjacent islands in southeastern Alaska.

310.06 **Unit 5, Yakutat.**
The mainland drainage into the Gulf of Alaska between Cape Fairweather and Icy Cape.

310.07 **Unit 6, Cordova—Valdez.**
That area draining into the Gulf of Alaska and Prince William Sound between Icy Cape and Cape Fairfield but not extending above Miles Glacier on the Copper River; and Kayak, Hinchinbrook, Montague and adjacent islands and Middleton Island.

310.08 **Unit 7, Seward.**
That part of the Kenai Peninsula which drains into the Gulf of Alaska between Cape Fairfield and Point Gore; the drainage into the Kenai River upstream from the Chugach National Forest Boundary and the drainage into Turnagain Arm east of the Chugach National Forest boundary and south of the Alaska Railroad from Portage Junction to Whittier.

310.09 **Unit 8, Kodiak—Shelikof.**
Kodiak, Afognak, Chirikof, the Semidi and all their adjacent offshore islands.

310.10 **Unit 9, Alaska Peninsula.**
That part of the Alaska Peninsula and adjacent mainland which drains into the Pacific Ocean and west side of Cook Inlet between False Pass and the mouth of Redoubt Creek and into Bristol Bay from False Pass to Etolin Point on the eastern entrance to Nushagak Bay.

310.11 **Unit 10, Aleutian Islands.**
The Aleutian Islands and the Pribilof Islands.

310.12 **Unit 11, Wrangell Mountains — Chitina River.**
That area draining into the headwaters of the Copper River above the mouth of the Slana River and the area drained by all tributaries into the east bank of the Copper River between the mouth of the Slana River and Miles Glacier.

310.13 **Unit 12, Upper Tanana — White River.**
That area drained by the Tanana River and tributaries upstream from the east bank of the Robertson River to the Alaska-Canada boundary and the White River and tributaries lying within Alaska.

310.14 **Unit 13, Nelchina—Upper Susitna.**
That area westerly of the east bank of the Copper River, and drained by all tributaries into the west bank of the Copper River from Miles Glacier to and including the Slana River; the drainage into the Delta River upstream from Clear Creek and Black Rapids Glacier; the drainage into the Nenana River upstream from the southeast corner of Mt. McKinley National Park at Windy; the drainage into the Susitna and Chulitna Rivers upstream from their junction; the drainage into the north bank of the Talkeetna River; and the drainages into the Matanuska and Chickaloon Rivers above their junction.

310.15 **Unit 14, Anchorage.**
That area draining into the north side of Turnagain Arm north of the Alaska Railroad track from Portage Junction to Whittier; into Knik Arm except from above the junction of the Matanuska and Chickaloon Rivers; into the head of Cook Inlet east of the Susitna River, and into all tributaries into the east bank of the Susitna River upstream to the north bank of the Talkeetna River.

310.16 **Unit 15, Kenai.**
That part of the Kenai Peninsula draining into the Gulf of Alaska, Cook Inlet and Turnagain Arm from Point Gore to the Chugach National Forest boundary near Big Indian Creek and the drainage into the Kenai River downstream from the Chugach National Forest Boundary.

310.17 **Unit 16, Lower Susitna.**
That area draining into the west side of Cook Inlet from the mouth of Redoubt Creek northward to and including the Susitna River and its drainage from the west upstream to its junction with the Chulitna River.

310.18 **Unit 17, Bristol Bay.**
That part of the mainland draining into Bristol Bay between Etolin Point west to Cape Newenham, and the islands adjacent to the mainland between above named points.

310.19 **Unit 18, Yukon—Kuskokwim Delta.**
That area draining into the Yukon and Kuskokwim Rivers downstream from the Paimiut-Kalskag portage and into all streams flowing into the Bering Sea from Cape Newenham on the south to and including the Pastolik River drainage on the north; Nunivak and adjacent islands.

310.20 **Unit 19, McGrath.**
All of the drainage into the Kuskokwim River upstream from the Paimiut-Kalskag portage.

310.21 **Unit 20, Fairbanks—Central Tanana.**
That area drained by the Tanana River and tributaries downstream from the east bank of the Robertson River to the east banks of the Toklat and lower Kantishna Rivers on the south, and to and including Tolovana River drainage on the north but not including the headwater portions of the Nenana and Delta Rivers described as part of Unit 13; and the Ladue and Fortymile River drainages within Alaska.

310.22 **Unit 21, Middle Yukon.**
That area draining into the Yukon River from the Paimiut-Kalskag portage upstream to but not including the Hess Creek drainage; the Koyukuk River upstream to and including the Dubli River drainage; and the Tanana River upstream to the Tolovana River drainage on the north and to the east banks of the lower Kantishna and Toklat Rivers on the south.

310.23 **Unit 22, Nome.**
That part of the Seward Peninsula and adjacent mainland drained by all streams flowing into Kotzebue Sound, Bering Strait, and Norton Sound from but not including the Goodhope River drainage on the north, to but not including the Pastolik River drainage on the south; King, Little Diomede, St. Lawrence, Sledge, Stuart, and adjacent islands.

310.24 **Unit 23, Kotzebue Sound.**
That area drained by all streams flowing into the Arctic Ocean and Kotzebue Sound from Cape Lisburne on the north to and including the drainage into the Goodhope River on the south.

310.25 **Unit 24, Koyukuk.**
That area drained by the Koyukuk River and tributaries upstream from but not including the Dubli River drainage.

310.26 **Unit 25, Fort Yukon.**
That drainage into the Yukon River upstream from and including the Hess Creek drainage to the Alaska- Canada boundary.

310.27 **Unit 26, Arctic Slope.**
That area drained by all streams and rivers flowing into the Arctic Ocean between Cape Lisburne and the Alaska-Canada boundary; and the Firth River drainage lying within Alaska.
