Most of these harvest totals do not include unreported harvest which may be substantial and can even exceed the reported harvest for black bear where sealing is not required, or for certain caribou herds. In addition most harvest totals do not include harvest from federal hunts. Information is from the harvest/sealing files posted on 7/31/06 by Information Management. Some of the numbers for caribou and deer are estimated harvest provided by area biologists. The harvest totals for the 2006-2007 regulatory year are considered preliminary.
