

Donlin Gold Project EIS

Mail-in Comment Form

You can submit comments using the form on the website (www.DonlinGoldEIS.com), in person at a public scoping meeting, or in writing (at a meeting or by mail). If you'd like to mail your comments, please feel free to use this form. Write your comments, questions, and suggestions below, then fold this page in thirds so that the mailing address shows. Remember to affix first-class postage before putting it in the mail.

The following questions may help:

If the project goes forward, how might it affect you and your community?

What is most important to you to know about the proposed project?

What are your concerns about this project?

Are there particular animals, fish, or places that you use that might be affected by the project?

RECEIVED
FEB 26 2013

What impact will the increased marine traffic going into the Kuskokwim have on the migratory sea mammals, waterfowl & fish that migrate along the coast? Coastal villages will be affected by any negative impact on the above.

- Burying the pipeline
- permafrost will cause it to rise from its original depth and in some cases cause it to appear on the surface.
