Submission Text:

I am a 4th generation Alaskan and a business owner. I am very much in favor of this project going forward. I have seen and felt how the reduction in TAPS through put affects Alaska and our people. It is important that we support other industries so that we can continue to provide jobs and a tax base for this wonderful state. I have been on most major mine sites in Alaska and the current mining practices I have seen reflect companies that care about the environment and the people of Alaska. I feel the Donlin Gold Mine will be another shining example of the mining industry in the State of Alaska.
