

Donlin Gold Project EIS

Mail-in Comment Form

You can submit comments using the form on the website (www.DonlinGoldEIS.com), in person at a public scoping meeting, or in writing (at a meeting or by mail). If you'd like to mail your comments, please feel free to use this form. Write your comments, questions, and suggestions below, then fold this page in thirds so that the mailing address shows. Remember to affix first-class postage before putting it in the mail.

The following questions may help:

If the project goes forward, how might it affect you and your community?

What is most important to you to know about the proposed project?

What are your concerns about this project?

Are there particular animals, fish, or places that you use that might be affected by the project?

- Thank - You for the opportunity to Comment!
- I'm all for Donlin Gold Project.
- I'm glad to hear about a 313 mile gas pipeline. This will create work/training for our young people (reduce suicides) & make less of an impact on our fish by cutting back on barges travelling up the Kuskokwim.
- Is this line big enough to support sending cheaper energy to Bethel and our other villages. Would it help to petition our governor (S. Parnell) to move on this! Not all of us agree with past City Council's who turned their nose up to this project. Hoo ray for Donlin Gold!

Layout of Proposed Mine Site

The image to the right illustrates the eventual layout of a proposed gold mine, ten miles north of the community of Crooked Creek on the Kuskokwim River in southwestern Alaska, for which the US Army Corps of Engineers is preparing an EIS. The project, proposed by Donlin Gold, LLC, includes transportation and power components. You may use this mail-in form to submit comments.
