We are opposed to Donlin Gold Project because it will detrimental to our subsistence lifestyle by: *Barge Lines going back and forth 24/7. Salmonfish going up to spawning deterred/disturbed. *Mercury coming to our village through air and we are directly in the pathway of Northeast to Southwest gail force winds. *Cyanide: poisonous; built concrete could crack in the event of an earthquake. *Natural gas pipeline: The 14" diameter pipe feeding the power plant could be ruptured due to an earthquake and or a crack. Gas vapor carbon monoxide poisoning. We are located in the pathway of gail force winds. *Employment: You say that there will be more jobs like 2000 employees 24/7 for 27 years. Be aware that there will be social problems stemming from alcoholism. At first people (Natives) from villages could be employed but eventually will be replaced by outsiders from the lower 48 states. Just like they are doing in the oil business. Subsistence is the key whereby store bought canned food are sugary thereby creating diabetes in our way of life.
