Friends,

Let's treat Evelyn's comment as an additional scoping comment received during the scoping period.

I agree with Jennifer, that she probably intended this as a comment to the lead agency.

Tara – can you get this posted to the data base? Thanks.

Don

This was sent to me in response the USFWS comment letter. I think Ms Thomas intended the e-mail to go to you.

Thank you

please address the Pollock fisheries total control over fish and game in regards to the uncontrolled and shameful waste of immature king salmon and the experiment on subsistence users who have suffered greatly and continue to suffer while this irresponsible and uncontrolled fishery continues unchecked. I have never seen ANY lengthy address to that.. Ms. Thomas/ CCTC president
