Craig Tillery
Assistant Attorney General
State of Alaska
Exxon Valdez Oil Spill Trustee Council
1031 West 4th Ave, Suite 200
Anchorage, Alaska 99501-1994

FAX 907-278-7022

Dear Mr. Tillery,

The Board of Directors of the Kodiak Chamber of Commerce wishes to reiterate its long-term support of the creation of a State Park on Afognak Island. This park would be created from lands acquired by the Exxon Valdez Settlement Trustee Council at Seal Bay and Tonki Cape. This land has been conveyed to the Nature Conservancy who is now required to convey the lands to the State of Alaska. We are pleased that the council agreed to purchase these lands and provide a fair economic return to the owners of the property.

The opportunity to protect and preserve pristine wilderness habitat does not present itself often. Likewise, the opportunity to gather as much community support for a project of this magnitude is also rare. The creation of a State Park on Afognak Island will encourage the continued development of the visitor industry in Kodiak. The visitor industry has the potential to bring benefits to this community long after the benefits derived from logging have expired.

Additionally, the ability of the State to manage this land for the benefit of all State residents is a much more palatable idea than the alternative. By not creating a State park with these lands, we allow the land to fall into the hands of the Federal government by default. The proposed regulations contained in the legislation provide for reasonable access for lawful sport and subsistence hunting and fishing, personal use fishing, trapping, recreational use, and commercial fishing. These are uses that the Federal government will not allow on their lands.

Dedicated to Kodiak's Future

It has come to our attention that the final piece of this long awaited transaction has not been completed. Based on previous board action, the Kodiak Chamber of Commerce urges you to give this land on Afognak Island the final approval it needs to become a State park. We believe that the acquisition of these lands will pay dividends to the landowners, and our community, well into the future. We appreciate your careful attention and thoughtful consideration of this matter.

Yours in economic prosperity,

Wayne A. Stevens
Executive Director

Dear Trustee Council,

Thank you for all you have done so far to protect fish and wildlife habitat from Prince William Sound to Kodiak.

We need your help again. Please buy and protect available fish and wildlife habitat on north Afognak Island. In particular, please protect the valuable red, silver, and pink salmon fisheries in the Pauls and Laura Lakes ecosystem. Thank you.

Sincerely,
