

MEMORANDUM
DEPARTMENT OF NATURAL RESOURCES

STATE OF ALASKA
DIVISION OF WATER

Director

DATE: August 4, 1993

TELEPHONE NO.: 762-2571

Chief, Water Management
Division of Water

SUBJECT: over time eligibility

It appears that the personnel rules related to over time will make it impossible to change the eligibility standing for Jack, Kellie, and John for the short term backlog reduction project. The attached memo explains the criteria that would have to be met. I could, according to Ellen Clothier, tell these individuals that the backlog will be reduced and they will work as many hours as it takes to get the job done. I won't do this since they would be working on the same types of files and the same hours as three other people who would be paid for their time.

According to Ellen there may be new personnel rules on this topic in the near future and the individuals that are currently not eligible may become eligible within a month. If this happens, we could still meet are goal of 400 files by January 1, 1994.
