FROM: Gary Prokosch
Chief, Water Resources

SUBJECT: Public Service

Jules has asked that we prepare a summary of the public service responsibilities we have in each unit, and how we intend to provide the needed services under the current budget reductions.

Basic questions:

1. Who are our customers?
2. What services are provided?
3. What services provided in the past can not be provided under the current budget?
4. What can be done to improve our service?

I would like your input by COB Thursday. LETS TRY TO KEEP IT SHORT.
