JAY S. HAMMOND, Governor

## WATER RESOURCES BOARD

August 21, 1979

Mayor John Carlson  
Fairbanks North Star Borough  
P.O. Box 1267  
Fairbanks, AK 99701

Dear Mayor Carlson:

On behalf of the Alaska Water Resources Board I wish to express our appreciation for the Borough's assistance in providing transportation to review the Fairbanks Flood Control project. In addition, the meeting room accommodations at the Borough library were excellent.

We all developed a better perspective of the Fairbanks area water issues from presentations by Borough staff and local citizens. The Fairbanks meeting and local suggestions resulted in several recommendations which we will forward to the Governor concerning the flood control project, local participation in the proposed Tanana River Basin Level B water study, and a study of water well contamination by chemical compounds.

If you feel there is any way in which the Board may assist you in the future please do not hesitate to call upon us.

Very truly yours,
