Ms. Ginny Chitwood, Executive Director
Alaska Municipal League
204 North Franklin
Juneau, Ak 99801

Dear Ms. Chitwood:

On behalf of the members of the Alaska Water Resources Board, I would like to thank you and your staff for the effort put forth in the questionnaire results presented at our August 7 and 8, 1979 meeting in Fairbanks. The responses from the communities were most illuminating in showing the water problems of Alaska communities and will be turned over to the staffs of the Departments of Natural Resources and Environmental Conservation with a request that they reply to each community. We are sending letters to the responding communities thanking them for their input and asking them to that they contact us if they do not hear from the departments.

We hope this is the start of continuing communication between the Board and the Municipal League. If there is any way the Board can be of service to the Municipal League or its staff please do not hesitate to contact us.

Sincerely,
