Dear Mary Lu:

On behalf of the Water Resources Board I want to take this opportunity to thank you for your presentation on the Instream Flow Regulations given at our March meeting in Juneau. The Board was pleased with the progress made with the regulations since our December meeting. At the meeting your presentation generated much discussion, focusing mainly on the difficulties the provisions of the instream flow legislation entail. We have no further comments than those made at that time.

Again, thank you for the presentation.

Sincerely,

Richard H. Sims
Chairman
