Dear Mr. Hedderly-Smith:

On behalf of the Alaska Water Resources Board, I want to take this opportunity to thank you for a most informative presentation on the State Agency Geothermal Resource Activities. Your talk increased our knowledge and interest in the current and future development of geothermal resources.

I hope our questions and the general discussion generated at the meeting demonstrated our keen interest in geothermal resources. Please keep us posted on the progress of your program.

Our next meeting will be held in Juneau on April 14, 15 and 16, 1982, if you would like to make another presentation to the Board please contact Rindi Patterson at 276-2653, extension 287.

Sincerely,

RICHARD H. SIMS, Chairman
Alaska Water Resources Board
