

# STATE OF ALASKA

JAY S. HAMMOND, Governor

## WATER RESOURCES BOARD

August 21, 1979

Mr. Amos Mathews, Director  
Division of Research and  
Development  
323 E. 4th Avenue  
Anchorage, AK 99501

Dear Mo,

On behalf of the Board I would like to thank you for your informative presentation on the DNR reorganization.

Unfortunately, you received the brunt of a lot of pent up emotion as a result of trying to establish recognition for the water related items in the state.

I sincerely hope that you took my comments in the light they were intended - constructive criticism.

Please don't hesitate to contact us if there is anything we can assist with.

Welcome aboard, we look forward to working with you.

Sincerely,

*Richard H. Sims*
