August 7, 1981

E. R. Oetken, Technical/Environmental Director
Alaska Lumber and Pulp
P. O. Box 1050
Sitka, Alaska 99835

Dear Ed:

On behalf of the Water Resources Board, I want to take this opportunity to thank you for your presentation during our meeting. We try to stay informed of local water uses, and you gave us a good briefing on the procedures Alaska Lumber and Pulp uses to acquire the water necessary to your operation.

We would like to pass on our appreciation for the excellent tour guided by Larry Taylor. It is obvious that he has a keen understanding of his responsibilities and the ability to communicate them well. For those of us who had never seen the inside workings of a pulp mill, we left a great deal more knowledgeable than we entered.

Again, thank you for your presentation and for arranging such a comprehensive tour.

Sincerely,

Richard H. Sims
Chairman
