

# STATE OF ALASKA

JAY S. HAMMOND, Governor

## WATER RESOURCES BOARD

August 22, 1979

Dear

During the Alaska Water Resources Board meeting on August 7, 1979 the Alaska Municipal League presented the results of a survey of its membership on their water resources problems.

We thank you for the time you took to respond to the Municipal League questionnaire. The survey results were most enlightening in showing the water problems facing Alaskan communities and we wish to thank you for responding.

The questionnaires will be transmitted to the Departments of Natural Resources and Environmental Conservation. They will be requested to respond to you concerning the problems you enumerated in their respective areas of expertise. If you do not hear from either department within the next two months please contact us.

Sincerely,

*Richard H. Sims*
