

September 2, 1983

Brent Petrie
American Water Resources Assoc.
Alaska Section
P.O. Box 101184
Anchorage, AK 99510

Dear Brent,

The Alaska Water Resources Board held a meeting in Anchorage on August 11, 1983. We were pleased at the outcome of this meeting, as it gave us an indication of what type of support we were to expect during this administration. Consequently, Commissioner Wunnicke is very much aware and concerned about water issues in Alaska.

Shortly after the meeting we were informed that Rocky Gutierrez had resigned from the Board.

If you know of anyone in your organization who may be interested in serving on the Board, please submit their resume to Carol Derfner at the Governor's Office, Pouch A, Juneau, AK 99801. We believe that an endorsement for any individual from the American Water Resources Association will be well received by the Governor.

Sincerely,

David Vanderbrink
Chairman
