Office Memorandum • UNITED STATES GOVERNMENT

TO : Operations Supervisors, Anchorage, Fairbanks & Juneau

DATE: SEP 8 1959

FROM : Area Administrator, Area 4

SUBJECT: Transfer of Bureau of Public Roads interests to State of Alaska

Spec Coll
KFA
444
.A31
A15
1959
v.1

As you know, the recently passed Omnibus Act authorized the transfer of certain Bureau of Public Roads facilities to the State of Alaska. A subsequent order published in the Federal Register effected the actual transfer not referring to specific properties, but instead citing lists of such properties on file with the Bureau of Public Roads in Juneau. We have obtained copies of Schedule B, Improved Real Property and Schedule C, Unimproved Real Property. We have reviewed these lists and have attached the pertinent portions for your information and notation of records. Many of the property interests apply to patented land and, of course, will be of no interest to us. As to those which involve land still in Government ownership, a notation of the records should be made to the effect that the interest has been transferred from the Bureau of Public Roads to the State of Alaska.

For your general information, we have also attached an index of the approved Federal Aid Road System for the State of Alaska.

v.1

February 26, 1980

Instruction Memorandum No. AK-80-127
Expires 9/30/81

To: DM's and Division Chiefs

From: State Director

Subject: Reservation of Road and Highway Rights-of-Way in Patents

Public Land Order 601 of August 10, 1949, withdrew certain lands in Alaska for highway purposes. These lands covered by this order were those:

1. Lying 300 feet either side of the centerline of the Alaska Highway. 1613 → 150

2. Lying 150 feet either side of the centerline of the Glenn Highway, Richardson Highway, Haines Highway.

3. 100 feet either side of the centerline of designated feeder roads.

4. 50 feet each side of the centerline of local roads (i.e. all roads not included in 1, 2, and 3 which had been established or were maintained under the jurisdiction of the Secretary of the Interior - later the Secretary of Commerce.

Public Land Order 757 of October 16, 1951, amended PLO 601 to delete the withdrawals for feeder and local roads and make the lands crossed by such roads subject to easements for these roads. This order left the rights-of-way for the through roads withdrawn.

PLO 757 was revoked by PLO 1613 on April 7, 1958. PLO 1613 provided for disposal of the previously withdrawn highway frontage along the major highways in accordance with the Act of August 1, 1956 (70 Stat. 898). The conveyances issued for the lands within the highway rights-of-way were made subject to a reservation for highway purposes.

Secretarial Order 2665 of October 19, 1951, established widths for all roads then existing in Alaska which were maintained by the Federal Government. It also provided that conveyance documents should contain a reservation for the feeder and local roads only. (The lands under the through roads were withdrawn from entry and no reservation was required

33755000101915

ARLIS
Alaska Resources
Library & Information Services
Anchorage Alaska

until 1958). S.O. 2665 was canceled June 3, 1966, and since that date we have had no authority to reserve the local and feeder roads in our conveyances unless we had a granted right-of-way.

The Federal Government has not been responsible for maintenance and construction of the subject roads since this function was transferred to the State of Alaska under the Alaska Omnibus Act. Since that time they have been the responsibility of the State of Alaska.

The only reservations for road rights-of-way which we have authority to insert in conveyances, except ANCSA conveyances, are (1) those specified in PLO 1613 for through roads which were formerly withdrawn and (2) those for which we currently have granted rights-of-way. No other reservations for roads may be placed in conveyances, except for ANCSA conveyances.

Fee title to these lands remains in the United States, however, the road easements and the responsibility for maintaining the roads belongs to the State, therefore, no reservation for these roads should be needed in State patents in any event.

A BRIEF HISTORY OF PLO 1613

1. 4/23/42 E.O. 9145

This order reserved for the Alaska Road Commission in connection with construction, operation and maintenance of the Palmer-Richardson Highway (now Glenn Highway), a right-of-way 200' wide from the terminal point of the highway in the NE¼ of Sec. 36, T. 20 N., R. 5 E., S.M. to its point of connection with the Richardson Highway, in the SE¼ of Sec. 19, T. 4 N., R. 1 W., CRM. The area described is generally that area between Chickaloon and Glennallen.

2. 7/20/42 PLO 12

This order withdrew a strip of land 40 miles wide generally along the Tanana River from Big Delta to the Canadian Border. It also withdrew a 40 mile wide strip along the proposed route of the Glenn Highway from its junction with the Richardson Highway, east to the Tanana River.

3. 1/23/43 PLO 84

This order withdrew all lands within 20 miles of Big Delta which fell between the Delta and Tanana Rivers. The purpose of the withdrawal was for the protection of the Richardson Highway.

4. 4/5/45 PLO 270

This order modified PLO 12 by reducing the areas withdrawn by that order to a 10 mile wide strip of land along the now constructed highways. The highways affected by this order are as follows:

1. Alaska Highway - from Canadian Border to Big Delta.
2. Glenn Highway - from Tok Junction to Gulkana.

5. 7/31/47 PLO 386

Revoked PLO 84 and PLO 12, as amended by PLO 270. The order withdrew the following land under the jurisdiction of the Secretary of the Interior for highway purposes:

1. A strip of land 600' wide along the Alaska Highway as constructed from the Canadian Boundary to the junction with the Richardson Highway at Delta Junction.

2. A strip of land 600' wide along the Gulkana-Glenn-Tok Road (Glenn Highway) as constructed from Tok Junction to its junction with the Richardson Highway near Gulkana. This order also withdrew strips of land 50' wide and 20' wide along the Alaska Highway for purposes of a pipeline and

telephone line respectively. Pumping stations for the pipeline were also withdrawn by this order, as well as 22 sites which were reserved pending classification and survey.

8/10/49 PLO 601

This order revoked E.O. 9145 as to 200' withdrawal along Glenn Highway from Chickaloon to Glennallen.

It also revoked PLO 386 as to the 600' wide withdrawal along the Alaska Highway from the Canadian Boundary to Big Delta and along the Glenn Highway from Tok Junction to Gulkana.

It withdrew lands for highway purposes along the highways given below. The width of each withdrawal is shown to the right of the name of the highway. Those underlined are in the Anchorage Land District.

Alaska Highway: 600' wide
Richardson Highway: 300' wide
Glenn Highway (Anchorage to Glennallen): 300' wide
Haines Highway: 300' wide
Tok Cut-Off (Tok Jct. to Gulkana): 300' wide

The above roads were designated as "through roads" by this order. The following roads were designated as feeder roads and a strip of land 200' wide was withdrawn for each of them. Only those underlined are within the Anchorage Land District.

Steese Highway
McKinley Park Road
Anchorage-Potter-Indian Road
Tok-Eagle Road
Fairbanks-College Road
Anchorage-Lake Spenard Road
Elliott Highway
Ruby-Long-Poorman Road
Nome-Solomon Road
Kenai Lake-Homer Road
Circle Hot Springs Road
[illegible]

AND THERE (See ORDER)

All other roads were classified as local roads and a strip of land 100' wide was withdrawn for each of them.

10/16/51 PLO 757

This order accomplished two things:

1. It revoked the highway withdrawal on all "feeder" and "local" roads established by PLO 601.

2. It retained the highway withdrawal on all the "through roads" mentioned in PLO 601 and added three highways to the list.

After issuance of this order the only highways still withdrawn are those listed below. Also shown is the total width of the withdrawal. Highways in the Anchorage Land District are underlined.

Alaska Highway - 600'
Richardson Highway - 300'
Glenn Highway - 300'
Haines Highway - 300'
Seward-Anchorage Highway - 300'
(exclusive of that portion in the Chugach National Forest)
Anchorage-Lake Spenard Highway - 300'
Fairbanks-College Highway - 300'

The lands released by this order became open to appropriation, subject to the pertinent easement set by Secretarial Order No. 2665, discussed below.

8. 10/16/51 Secretarial Order No. 2665

This order, issued on the same date as PLO 757, fixed the width of all public highways in Alaska which were established or maintained under the jurisdiction of the Secretary of the Interior. It restated that the lands embraced in "through roads" were withdrawn as shown under PLO 757 above. It also listed all the roads then classified as feeder roads and set the right-of-way or easement (as distinguished from a withdrawal) for them at 200'. The right-of-way or easement for local roads remained at 100'.

9. 7/17/52 Amendment No. 1 to Secretarial Order No. 2665

This amendment reduced the 100' width of the Otis Lake Road, a local road not withdrawn in the Anchorage Land District, to 60' in Section 21 of T. 13 N., R. 3 W.

10. 9/15/56 Amendment No. 2 to Secretarial Order No. 2665

This amendment added the following highways to the list of "through" roads:

Fairbanks-International Airport Road
Anchorage-Fourth Avenue-Post Road
Anchorage-International Airport Road
Copper River Highway
Fairbanks-Nenana Highway
Sterling Highway
Kenai Spur from Mile 0 to Mile 14
Palmer-Wasilla-Willow Road
Denali Highway

Steese Highway from Mile 0 to Fox Junction
The Anchorage-Lake Spenard Highway was redesignated the Anchorage-Spenard Highway
The Fairbanks-College Highway was deleted from the list of through roads.

The following highways were deleted from the "feeder" road list:

Sterling Highway
University to Ester Road
Kenai Junction to Kenai Road
Palmer to Finger Lake to Wasilla Road
Paxson to McKinley Park Road
Steese Highway from Mile 0 to Fox Junction

The following roads were added to the list of "feeder" roads:

Kenai Spur from Mile 14 to Mile 31
Nome-Kougarok Road
Nome-Teller Road

11. Act of August 1, 1956 Public Law 892

The purpose of this Act was to provide for the disposal of public lands within highway, telephone and pipeline withdrawals in Alaska, subject to appropriate easements. This Act paved the way for the issuance of a revocation order (PLO 1613) which would allow claimants and owners of land adjacent to the highway withdrawal a preference right to acquire the adjacent land.

12. April 7, 1958 PLO 1613

This order accomplished the intent of the Act of August 1, 1956. Briefly, it did the following:

1. Revoked PLO 601, as modified by PLO 757, and provided a means whereby adjacent claimants and owners of land could acquire the restored lands, subject to certain specified highway easements. The various methods for disposal of the restored lands are outlined in the order.

2. Revoked PLO 386 as to the lands withdrawn for pipeline and telephone line purposes along the Alaska Highway. It provided easements in place of the withdrawals.

13. Act of June 11, 1960 Public Law 86-512

This Act amended the Act of August 1, 1956. This was a special act to allow the owners and claimants of land at Delta Junction and Tok Junction a preference right to purchase the land between their property

and the centerline of the highway. The Act was necessary since the land in both towns was still reserved for townsite purposes, even after the highway, telephone line, and pipeline withdrawals were revoked.

APPROVED FEDERAL-AID SYSTEM

Primary

Secondary "A"

Secondary "B"

July 1, 1959

Vote

ALASKA FEDERAL-AID NUMBERING SYSTEM

Primary System

Federal-Aid Primary Route numbers have been established as follows:

1. The primary system established consists of the principal highways, either existing or scheduled for early contract construction, and a projected ferry and highway system through the southeastern section.

2. Projected expansions of the system generally will be constructed and maintained as secondary roads until traffic volume dictates reclassification to a Primary Route.

3. Beginning in the southwest portion of the State, south-north routes were given odd numbers and west-east routes were given even numbers.

Secondary System

The Secondary System established consists of two classifications identified as follows:

Class "A" - Principal secondary roads serving as main arteries and requiring improvements within the foreseeable future.

Class "B" - Secondary roads of the type normally constructed and maintained by states or counties.

For ease in geographical location and assignment of secondary route numbers, the State has been divided into 9 zones, identified on a marked Alaska map E.

Class "A" routes were assigned 3-digit numbers, the first digit indicating the zone location. Odd numbers were assigned to south-north routes and even numbers to west-east routes.

Class "B" routes were assigned 4-digit numbers, the first digit indicating the zone location. South-north routes were assigned odd numbers; west-east routes assigned even numbers. A zero as the last digit indicates an isolated route not connected to any principal system.

As in the primary system, low numbers were assigned to the southern and western areas of each zone, progressing to the higher numbers in the northern and eastern areas.

The Honorable William A. Egan
Governor of Alaska
Juneau, Alaska

Dear Governor Egan:

Attached are revised pages 12, 14 and the summary page for insertion in Schedule A, Highways, that were provided to your office as a part of the Quitclaim Deed of property to the State of Alaska.

Provisions have been made to include Route FAS 924, the road from Craig to Klawak, and to correct the name of the river in Route FAS 991 to read "Chilkoot River". The addition of Route FAS 924 also necessitated the revision of the summary page to increase the system mileage, and the constructed mileage of Federal-aid Secondary Class A routes.

Very truly yours,

Wm. J. Nieal, Regional Engineer
By:

M. M. Dales, Administrative Officer

Relinquishments where Federal agency has quitclaimed interest to State of Alaska

Under the Alaska Omnibus Act (73 Stat. 141) various interests, held under withdrawals by Federal agencies, were quitclaimed by the agency to the State of Alaska.

In reviewing withdrawals effected by these quitclaims it does not appear necessary to obtain a specific relinquishment from the Federal agency involved. In such cases you may consider the quitclaim deed as a relinquishment of the withdrawal as to the lands actually involved in the quitclaim deed.

United States Department of the Interior

OFFICE OF THE SECRETARY
WASHINGTON, D.C. 20240

OCT 20 1975

Memorandum

To: Director, Bureau of Outdoor Recreation
Director, Fish and Wildlife Service
Director, National Park Service
Director, Bureau of Land Management
Director, Bureau of Mines
Administrator, Alaska Power Administration
Commissioner, Bureau of Indian Affairs

From: Office of Environmental Project Review

Subject: U.S. District Court Case re: Copper River Highway (ER-73/445)

Reference is made to the U.S. District Court case involving the Alaska Conservation Society, et al., (plantiffs) vs. U.S. DOT, FHWA, U.S. Department of the Interior, State of Alaska, et al., (defendants) concerning the proposed Copper River Highway in Alaska.

This is to advise you that plantiffs and defendants have entered into an "Agreement of Compromise and Settlement" which was consummated on July 2, 1975. However, the Department of Justice advises that it is not going to close its files on the matter until the interlocutory appeal in the United States Court of Appeals for the Ninth Circuit has been dismissed.

Highlights of the Settlement Agreement include:

1. Plantiffs will not object to construction or reconstruction of the Copper River Highway to Milepost 49 at the south end of the Million Dollar Bridge to federal-aid secondary highway standards.

2. Defendants will not engage in any construction of the Copper River Highway beyond Milepost 49 prior to whichever occurs first:

(a) December 18, 1978; or
(b) final legislative action and Presidential approval concerning the D-2 lands in the Copper River area.

3. Defendant may restore or repair the Million Dollar Bridge as necessary to prevent further structural damage. A barrier, sufficient to prevent public use north of the bridge, must be installed at the south end of it.

4. Defendant will install a barrier to prevent public use of the "Copper River Highway" from O'Brien Creek south--located approximately 5 miles south of Chitina.

5. Defendant will conduct a regional transportation study of the Prince William Sound area and surface transportation routes to the interior of Alaska. The study will consider and compare all reasonable alternative methods of transportation within said region, including the Copper River Highway and the Marine Highway System.

6. Defendant will prepare and issue a supplemental environmental statement evaluating the several possible alternative routes for the Copper River Highway beyond Milepost 82.

A copy of the settlement agreement may be secured from our Regional Solicitor in Anchorage.

All bureaus are urged to cooperate to the fullest extent possible with FHWA and the State in implementation of item 6 above with particular effort in resolution of any Section 4(f) involvements.

AGREEMENT OF COMPROMISE AND SETTLEMENT
(Copper River Highway)

This agreement is entered into by the following parties, through their respective authorized representatives and/or attorneys:

ALASKA CONSERVATION SOCIETY, a nonprofit corporation, and SIERRA CLUB, a nonprofit corporation (hereinafter referred to as "PLAINTIFFS");

STATE OF ALASKA, DEPARTMENT OF HIGHWAYS, (hereinafter referred to as "STATE DEFENDANT"); and

UNITED STATES DEPARTMENT OF TRANSPORTATION, FEDERAL HIGHWAY ADMINISTRATION, and UNITED STATES DEPARTMENT OF THE INTERIOR (hereinafter referred to as "FEDERAL DEFENDANTS").

This agreement shall take effect upon its execution by all parties to the agreement.

RECITALS:

A. There is pending in the United States District Court for the District of Alaska an action entitled "Alaska Conservation Society and Sierra Club, Plaintiffs, v. William T. Coleman, Individually and as Secretary of Transportation, et al., Defendants" (No. A-73-33), in which PLAINTIFFS seek declaratory and injunctive relief against STATE DEFENDANT and FEDERAL DEFENDANTS with respect to further construction of the Copper River Highway. Reference is made to the amended complaint and other pleadings on file in said action for further description of the

action.

B. There is also pending in the United States Court of Appeals for the Ninth Circuit an interlocutory appeal by PLAINTIFFS (No. 73-2576) from the denial of a preliminary injunction against further construction of the Copper River Highway by the District Court in the above-referenced action. Said appeal has not been fully briefed or argued and no decision has been entered therein.

C. On September 17, 1973, the United States Court of Appeals for the Ninth Circuit granted an injunction pending appeal against further construction of the Copper River Highway. On September 4, 1974, the terms of said injunction were modified by a further order of said Court of Appeals. Said injunction, as modified, is in effect at the present time and imposes significant restraints upon further construction of the Copper River Highway. Reference is made to the orders of the United States Court of Appeals entered on September 17, 1973 and September 4, 1974 and to other papers on file in said appeal for the exact terms of said injunction.

D. Prior to the filing of the above-referenced action, STATE DEFENDANT had completed reconstruction of the Copper River Highway, subsequent to the Alaska earthquake of March 27, 1964, in a manner which permitted public traffic to approximately milepost 33 of said Highway.

E. STATE DEFENDANT is presently eligible for federal emergency relief funds under 23 U.S.C. §125 for further reconstruction of portions of the Copper River Highway damaged or

destroyed by the Alaska earthquake of March 27, 1964. If said funds are not promptly utilized by STATE DEFENDANT for such reconstruction, the funds may become unavailable for use by STATE DEFENDANT.

F. PLAINTIFFS are prepared to withdraw their objections to the construction or reconstruction of the Copper River Highway by STATE DEFENDANT as far as milepost 49, provided that all the terms and conditions of this agreement are fulfilled. STATE DEFENDANT and FEDERAL DEFENDANTS are prepared to fulfill such terms and conditions.

G. PLAINTIFFS, STATE DEFENDANT and FEDERAL DEFENDANTS desire to compromise and settle the above-entitled action and the interlocutory appeal therein upon the terms and conditions set forth in this agreement.

NOW, THEREFORE, THE PARTIES HEREBY AGREE AS FOLLOWS:

1. PLAINTIFFS will not object through legal action or otherwise to the construction or reconstruction (hereinafter "construction") by STATE DEFENDANT of the Copper River Highway to milepost 49, at the south end of the Million Dollar Bridge, to standards not exceeding those for federal-aid secondary highways. In planning and carrying out such construction, STATE DEFENDANT will cooperate with the Alaska Department of Fish and Game and all other federal and state agencies having responsibility for management of the Copper Delta Game Management Area, and will endeavor to accomplish such construction in a manner which minimizes environmental damage to the Copper River Delta and the said Management Area. Plaintiffs expressly reserve

any lawful objections and/or rights of legal action they may have with respect to construction of the Copper River Highway beyond milepost 49.

2. Except as set forth in paragraph 3 of this agreement below, STATE DEFENDANT and FEDERAL DEFENDANTS will not engage in any construction of the Copper River Highway beyond milepost 49 prior to whichever of the following shall first occur:

(a) December 18, 1978; or

(b) final legislative action by the United States Congress pursuant to the Alaska Native Claims Settlement Act of 1971 to determine the public lands status of all lands along the proposed route of the Copper River Highway which have been withdrawn by FEDERAL DEFENDANT UNITED STATES DEPARTMENT OF THE INTERIOR pursuant to Section 17 (d)(2)(A) of said Act. Any legislative action by the Congress shall not be considered final unless and until it is approved by the President of the United States or becomes law without the President's approval.

During the time period provided for in this paragraph, STATE DEFENDANT will close the Copper River Highway to all public traffic beyond milepost 49 by means of a barrier at the south end of the Million Dollar Bridge sufficient to prevent unauthorized use of the Bridge.

3. PLAINTIFFS will not object through legal action or otherwise to such restoration of, or repairs to, the Million Dollar Bridge as may be necessary: (a) to prevent further structural damage to the Bridge from causes other than the use of said Bridge by public traffic, or (b) to enable STATE DEFENDANT to use the Bridge as a means of access to and from STATE DEFENDANT'S existing maintenance camp located at milepost 52 of the Copper River Highway in connection with the construction to milepost 49 described in paragraph 1 above. PLAINTIFFS expressly reserve any lawful objections and/or rights of legal action they may have with respect to restoration or reconstruction of the Million Dollar Bridge for the purpose of carrying public traffic on the Copper River Highway.

4. During the time period provided for in paragraph 2 above, STATE DEFENDANT will close the "Chitina local access road" which proceeds south from Chitina along the Copper River to all traffic beyond O'Brien Creek, located approximately five miles south of Chitina. The closure will be effected by means of a barrier sufficient to prevent unauthorized use of the road. Public use of the campground located at O'Brien Creek will be permitted.

5. As soon as funding can be obtained, and during the time period provided for in paragraph 2 above, STATE DEFENDANT will conduct a regional transportation study of the Prince William Sound area and surface transportation routes to the interior of Alaska. The study will consider and compare all reasonable alternative methods of transportation within said region, including the Copper River Highway and the Marine

Highway System. The study will be released to the general public when completed.

6. As soon as possible and during the time period provided for in paragraph 2 above, STATE DEFENDANT and FEDERAL DEFENDANT UNITED STATES DEPARTMENT OF TRANSPORTATION, FEDERAL HIGHWAY ADMINISTRATION, will prepare and issue a supplemental environmental impact statement pursuant to Section 102 (2)(C) of the National Environmental Policy Act of 1969, which statement will analyze and compare the environmental and other impacts of the several possible alternative routes of the Copper River Highway beyond milepost 82. These DEFENDANTS will also prepare and issue a statement and certification pursuant to Section 4(f) of the Department of Transportation Act of 1966 with respect to the possible use of lands included in national or State historic sites for construction of the Copper River Highway beyond milepost 82. A reasonable opportunity for public comment on said statements will be provided before said statements are issued in final form.

7. Neither this agreement nor any of its recitals or provisions shall be construed as an admission by any of the parties hereto. This agreement is intended as a compromise and settlement of the existing litigation between the parties and shall not be used as evidence against any of the parties in any proceeding other than a proceeding arising out of an alleged breach of this agreement.

8. Promptly upon execution of this agreement, all parties hereto, through their respective attorneys, will execute

and file a stipulation in the United States District Court that the amended complaint in the above-entitled action brought by PLAINTIFFS may be dismissed without prejudice, except as to all matters concluded by this agreement. The said stipulation will provide that said District Court retain jurisdiction of the action for the sole purpose of enforcing this agreement between the parties, in the event that such enforcement should be required.

9. Promptly upon entry of an order by the United States District Court approving the stipulation for dismissal provided for in paragraph 8 above, PLAINTIFFS will file a voluntary dismissal of their pending interlocutory appeal in the United States Court of Appeal. All parties will bear their own costs and attorneys' fees incurred in the litigation between them to date.

10. Upon proof in a court of competent jurisdiction that this agreement has been breached, a preliminary injunction may issue to restrain such breach without proof by the party or parties complaining of such breach that irreparable injury is likely to result from said breach.

11. This agreement may be modified only in writing and by agreement of all parties hereto.

12. This agreement shall be binding upon the successors and assigns of the parties, including without limitation any State or federal agency which may succeed by law to the duties of the STATE DEFENDANT or the FEDERAL DEFENDANTS in regard to the

subject matter of this agreement.

13. For purposes of expedition, the parties will execute this agreement on separate signature pages which will thereafter be affixed to the original. The original will be attached to the stipulation provided for in paragraph 8 above and filed with the United States District Court. Each party will be provided with one counterpart of the agreement and each of said counterparts shall be the legal equivalent of the original.

(109)

MEMORANDUM AND ORDER

This is an action to enjoin the construction of the proposed Copper River Highway pending compliance with certain federal statutes. The Copper River Highway would link the town of Cordova with the present highway network in southcentral Alaska. The principal allegations in the complaint are (1) that an environmental impact statement for the entire proposed highway as a single unit has not been completed or considered, in violation of the National Environmental Policy Act of 1969 ("NEPA"),[1] (2) that the Secretary of Transportation has not yet determined whether feasible alternatives to the proposed highway exist, in violation of the Department of Transportation Act of 1966,[2] and (3) that to proceed with construction of the highway would interfere with the discretion of the Secretary of the Interior to recommend a wilderness-preserving classification for the area, in violation of the Alaska Native Claims Settlement Act of 1971.[3]

PAGE 878

The case comes before the court on plaintiffs' application for a preliminary injunction. This application has been submitted without oral argument pursuant to stipulation filed July 26, 1973, and approved by the court on July 31, 1973. The court has previously denied plaintiffs' application for a temporary restraining order on the grounds that plaintiffs had not shown any threat of immediate and irreparable injury and that they had not shown that the activity sought to be restrained was a major federal action significantly affecting the quality of tne human environment. See order filed June 29, 1973.

Under general principles of equity, there are two requirements for the issuance of a preliminary injunction. The applicant must show that he will suffer irreparable injury if the preliminary injunction is not issued, and he must also show that there is a strong liklihood that he will ultimately prevail on the merits. Sierra Club v. Hickel, 433 F.2d 24, 33 (9th Cir. 1970) aff'd 405 U.S. 727 (1972); Crowther V. Seaborg, 415 F.2d 437, 439 (10th Cir. 1969). Both requirements have been applied in this circuit to a case very much like the present one, La Raza Unida v. Volpe, 337 F.Supp 221, 233 (N.D. Cal. 1971). See also Sierra Club v. Hickel, supra.

This is not an "exceptional case" like Lathan v. Volpe, 455 F.2d 1111 (9th Cir. 1971), in which a departure from established equitable doctrine is justified. Lathan was a suit to prevent further construction of an interstate highway passing through the Central Area of Seattle until, inter alia, an impact statement had been submitted. The court held that Lathan was "one of those comparatively rare cases in which, unless the plaintiffs receive now whatever

relief they are entitled to, there is danger that it will be of little or no value to them or to anyone else when finally obtained." 455 F.2d at 1117 (emphasis in original). Here the proposed highway will not pierce an urban neighborhood. Also, as the Lathan court emphasized, the defendants in that case admitted that an impact statement would eventually be required; the issue was when. Here the defendants vigorously contend that the present construction activity consists strictly of non-federal maintenance and repair of an existing roadway, and that there is nothing in the present activities which will lead inevitably to major federal involvement.[4]

Therefore the court holds plaintiffs must show that irreparable harm will result if the preliminary injunction is not issued and that there is a strong liklihood they will prevail on the merits.

Plaintiffs have confined their argument on the merits to the applicability of NEPA to the present construction activity. They have not attempted to make any showing with respect to the other allegations in their complaint. With respect to NEPA, they have concentrated on arguing that the present actions by the state are part of a federal project.

---

[4] Furthermore, in La Raza Unida v. Volpe, 337 F.Supp. 221, 233 (N.D. Cal. 1971), the court applied the traditional test even though the highway sought to be preliminarily enjoined would pass through a heavily populated area. However, there are three reasons why it is doubtful that this decision undermines Lathan. First, it was decided a week earlier. Second, in La Raza there was disagreement over whether federal funds would be utilized. The absence of such disagreement in Lathan was one of the reasons given by the court for dispensing with the traditional test. Third, the La Raza court did not consider whether the usual test would have to be satisfied, but simply held that it was. In any event, the present case is distinguishable from both by the absence here of urban dislocation problems.

On this point plaintiffs have been persuasive.[5] However, they have not discussed as throughly the other requirement of NEPA, that the federal action be a "major" one "significantly affecting the quality of the human environment."[6]

---

[5]Plaintiffs begin by pointing out that the requirements of NEPA cannot be avoided by segmenting a joint state-federal project into separate state and federal parts, La Raza Unida v. Volpe, 337 F.Supp. 221 (N.D. Cal. 1971), Sierra Club v. Volpe, 351 F.Supp. 1002 (N.D. Cal. 1972), or by segmenting a major project into minor parts, Named Individual Members of San Antonio Conservation Society v. Texas Highway Department, 446 F.2d 1013 (5th Cir. 1971) (similar holding under Department of Transportation Act), Thompson v. Fugate, 347 F.Supp. 120 (E.D. Va. 1972), Indian Lookout Alliance v. Volpe, 345 F.Supp. 1167 (D. Iowa 1972).

Then to show that present state activities are part of a single, on-going, partly-federal project, plaintiffs make the following contentions. Except for present activities, no bridge repair has been attempted since the 1964 earthquake. (Defendants contend access to the bridges has become available only this year.) In 1964 the federal government conducted a feasibility study of the entire proposed highway in order to decide whether to authorize federal funds to restore that portion of the highway existing before the earthquake. Hearings were held to determine the design and location of the remaining unbuilt portion of the proposed highway. Impact statements were prepared. Federal funds have been expended on every section of the highway since the earthquake. The Federal Highway Administration had approved the use of federal funds for restoration work before the present suit was instituted, and withdrew its approval during the pendency of this litigation with the assurance that approval would be reinstated once the state had complied with NEPA.

These contentions, if correct, clearly would support the conclusion that the state would not be undertaking its present activities except for the apparent liklihood of federal support for the entire Copper River Highway project. However, in the view this court takes of the present motion, it is not necessary to decide whether present state activities are probably in violation of NEPA.

[6]42 U.S.C. 4332.

Moreover, the record is not clear as to the present status and coverage of the various impact statements that have been prepared.[7] In view of these deficiencies it would be inappropriate to decide from the present record whether there is a strong liklihood that plaintiffs will ultimately prevail.

Although plaintiffs may be able ultimately to prove that the present activities are part of a federal action, and perhaps a major one significantly affecting the quality of the human environment, the court finds that plaintiffs will not be irreparably injured if a preliminary injunction is denied. Plaintiffs' primary contention is that as the repair work progresses there will be a corresponding permanent

---

[7] Plaintiffs state at page 1 of their brief filed July 6, 1973, that an impact statement covering mile 39 to mile 82 of the proposed highway was issued on March 5, 1973. However, the impact statement plaintiffs apparently refer to appears as Exhibit Y to the affidavit of Bruce Campbell filed July 31, 1973, and purports to cover mile 39 to the end at mile 116. Also, plaintiffs state at page 19 of their brief filed March 6, 1973, that defendants apparently do not intend to prepare an impact statement covering the highway from its beginning at Cordova (mile 0) to mile 39. However, exhibit Z to the Campbell affidavit purports to amend the earlier impact statement to include coverage from mile 0 to mile 39. (This later statement was apparently prepared after plaintiffs submitted their March 6th brief.)

Furthermore, there is no indication in the record whether these impact statements, apparently drafts, have been finalized in accordance with the Guidelines of the Council on Environmental Quality, 36 Fed. Reg. 7724 (April 23, 1971). Nor is there any indication of the extent to which the impact statements have been "taken into account" by the responsible officials as impliedly required by the Act. See Arlington Coalition on Transportation v. Volpe, 458 F.2d 1323, 1332-1333 (4th Cir. 1972).

The parties seem to believe that no final statement has been submitted and thus that NEPA, if applicable, has not been complied with. However, it would be helpful to the court if affidavits were filed to clarify these matters.

loss of wilderness characteristics in the area along the west bank of the Copper River. This argument depends for its validity upon the probability of a large influx of people. This probability is slight, however, due not only to the rugged condition of the road even after repair but also to the road's origin in Cordova, a small town itself accessible only by water or air. Also, plaintiffs contend that present restoration work will likely require some additional gravel and rip-rap. This hardly qualifies as irreparable injury in the present context. Next, plaintiffs speculate that the state will elect to depart from the route contemplated in the impact statements by extending the road along an existing railroad bed to Chitina, where it would link up with the existing highway system. This, plaintiffs contend, would greatly magnify the influx of people and require additional physical alteration of the land. However, such harm is presently speculative and remote, because the departure would not occur until mile 82 and present work is apparently centered at and below the Million Dollar Bridge at mile 49. Finally, plaintiffs suggest that with the repair of the Million Dollar Bridge and of a major washout some 20 miles further the old railroad bed would be drivable in its entirety between Chitina and Cordova by certain types of vehicles. Again, this possibility is presently too speculative and remote to constitute threatened irreparable injury, especially in the absence of any evidence as to the number of vehicles that could be expected to attempt such a trip. For these reasons, the court finds that plaintiffs have failed to make the requisite showing of threatened irreparable injury.

Accordingly it is ORDERED that plaintiffs' application for a preliminary injunction is denied without prejudice.

Anchorage, Alaska 99513

Subject: Omnibus Deed Maps (845)

Dear Mr. Zamber:

On June 30, 1959, the United States through the Secretary of Commerce, conveyed by quitclaim to the State of Alaska pursuant to Section 21 of the Alaska Omnibus Act of June 25, 1959 (73 Stat. 141), all rights, title and interest of the Department of Commerce in and to all of the real properties listed in Sechedules A, B and C. Schedule A dealt with Highways, Schedule B dealt with Improved Real Property and Schedule C dealt with Unimporved Real Property.

For many years the State has requested BLM to note the records as to the rights quitclaimed by the United States. BLM has responded that since BLM did not issue the deed; they did not have the maps depicting the properties quitclaimed; they could not plot on the records from the description provided in the schedules; and if the State would provide BLM with maps they would be happy to note the records.

The Land Title Records Section has recently acquired what we believe to be a complete copy of the maps associated with Schedule A of the Omnibus Deed for the Southcentral area of Alaska. Therefore, we formally request that the rights conveyed by the quitclaim deed be depicted on the BLM records and that these rights be acknowledged during the adjudication of the various public land laws.

33755000104915

We realize the enclosed maps are only a portion of the maps involved in the Omnibus Deed and we are dilegently pursuing the location of the remainder of the maps. We are providing you with one paper set of the maps reproduced at 75% of the original size and a set of microfilm aperature cards that may be enlarged to the original protraction diagram size. If you have any specific questions concerning these maps please call Bob Cross at 786-2319.

Sincerely yours,

Carol Shobe
Chief Title Administrator

QUITCLAIM DEED

KNOW ALL MEN BY THESE PRESENTS that the Secretary of Commerce, United States Department of Commerce, Grantor, under and pursuant to the authority contained in Section 21 of the Act approved by the President on June 25, 1959 (73 Stat. 141), does hereby devise, release, and quitclaim unto the State of Alaska, Grantee, its successors and assigns, subject to the condition set forth below, all rights, title, and interest of the Department of Commerce in and to all of the real properties listed in Schedules A, B, and C, attached hereto and made parts hereof, which properties are now owned, held, administered, or used by the Department of Commerce in connection with the activities of the Bureau of Public Roads in Alaska, and which said Schedules are more fully identified as follows:

Schedule A—Highways, consisting of 60 pages.

Schedule B—Improved Real Property, consisting of 54 pages.

Schedule C—Unimproved Real Property, consisting of 62 pages.

TO HAVE AND TO HOLD the premises, together with all the hereditaments and appurtenances thereunto belonging or in any wise appertaining unto the said Grantee, its successors and assigns, forever, subject, however, to the condition that if the said Grantor or the head of any other Federal agency determines and publishes notice thereof in the Federal Register within 120 days next following the date of this deed that all or any part of the above premises or any interests therein are needed for continued retention in Federal ownership for purposes other than or in addition to road purposes, the Grantor may enter and terminate the estate hereby quitclaimed in those portions of the premises concerning which said determinations are made, by notifying the Governor of the State of Alaska of such termination by registered letter or letters mailed within one year next following the date of this deed. By acceptance of this deed, the Grantee agrees to the above condition without waiving any rights it may otherwise have to refer any dispute to the Claims Commission authorized by Section 46 of the Act approved by the President on June 25, 1959 (73 Stat. 141).

IN WITNESS WHEREOF the Grantor has hereunto set his hand and seal this 30th day of June 1959.

[redacted]		10	15	22
414	From junction with FAP Route 21 in Homer northeasterly to Fox River	10	12.5	25
424	From Iliamna Bay northeast to Old Iliamna with a spur to Iliamna Lake	10	15.5	15.5
430	From FAP Route 21 approximately 5 miles northwest of Homer; thence northeasterly along south rim of a plateau to junction with FAS Route 4303; thence westerly to Ohlson Mountain AC&W Station	10	16.5	16.5
463	From FAP Route 21 immediately north of Kasilof River crossing; thence northerly through Kasilof and Kalifonsky to Kenai River; thence easterly to FAP Route 21 to complete a loop	10	14.4	24.7
474	From FAP Route 31 approximately 1/2 mile north of Seward northeasterly across the southerly limits of Seward Airport	10	1.4	1.4
480	From a point on FAP Route 21 approximately 14 miles east of the Moose River crossing north of Skilak Lake to a second junction with FAP Route 21 at a point approximately 4 miles west of the Forest Boundary	10	19.3	19.3

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
490	From end of FAP Route 21 Spur at Wildwood Station 3 miles northwest of Kenai; thence northerly and easterly along the eastern and southern shore of Cook Inlet	10	15.6	26.3
495	From FAP Route 31 at Resurrection River approximately 2 miles north of Seward easterly and southerly to Resurrection Bay	10	2.6	2.6
496	From FAP Route 31 at Portage southeasterly to Portage Glacier	10	5.9	5.9
498	From FAP Route 31 approximately 57 miles north of Seward northerly to Sunrise; thence westerly along southern shore of Turnagain Arm through Hope, ending 3 miles west of Hope	10	20.3	20.3
504	From FAP Route 31 approximately 9 miles south of Anchorage easterly and northerly past Hidden Lake to Military Boundary; thence westerly to FAS Route 549, with a spur southerly to FAS Route 512	10	10.2	10.2
506	From FAP Route 31 approximately 8 miles south of Anchorage easterly 3.3 miles to FAS Route 504	10	3.3	3.3
508	From FAP Route 31 approximately 6 miles south of Anchorage westerly 2.5 miles	10	2.5	2.5
511	From FAP Route 35 approximately 10 miles west of Wasilla southwesterly to a junction with FAS Route 5111 and thence to Big Lake	10	6.5	6.5

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
512	From FAP Route 31 approximately 6 1/2 miles south of Anchorage east 3 miles, north 1 mile and west 3 miles to return to FAP Route 31 approximately 5 1/2 miles south of Anchorage with a 1 mile spur east to Hidden Lake	10	8.0	8.0
520	From FAP Route 31 approximately 4 miles south of Anchorage; thence westerly 4 miles past Jewel Lake; thence north 1.5 miles past Sand Lake; thence east 1 mile to junction with FAS Route 5292; thence northerly across FAP Route 31 spur to FAP Route 42 junction at Lake Spenard, with a spur north of Sand Lake northerly to FAA boundary	10	8.5	8.5
525	From North boundary of military reservation at Goose Bay northeasterly along Knik Arm past Knik Lake through Wasilla to FAS Route 580 at Fishhook Junction	10	33.6	33.6
528	From FAP Route 42 approximately 1 mile southwest of the Spenard RR Crossing to north shore of Lake Spenard	10	0.5	0.5
529	From FAS Route 520, 2 miles south of Anchorage International Airport Boundary near Jewel Lake; thence north to junction with FAS Route 520 and 5292, .5 mile south of Airport boundary	10	1.5	1.5
530	From FAP Route 31, 1.5 miles south of Anchorage; thence east 4 miles; thence northeast and north to a junction with FAP Route 42 approximately 2 miles east of Mountain View	10	7.5	7.5

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
535	From FAS Route 536 in Spenard north to FAS Route 542 intersection at Anchorage High School	10	0.3	0.3
536	From a point near Campbell Point Military Reserve boundary approximately 1.75 miles west of Spenard; thence easterly through FAP Routes 42 and 31 intersections to a junction with FAS Route 547 approximately 1 mile southeast of Merrill Field	10	4.9	4.9
538	From FAP Route 42 intersection in Spenard east to a point 1/4 mile east of FAP Route 31 intersection; thence south to FAS Route 536	10	1.8	1.8
539	From FAP Route 31, 2.5 miles south of Anchorage westerly and northerly through FAP Route 31 spur intersection to FAP Route 42 intersection in Spenard	10	2.6	2.6
542	From FAP Route 42 intersection in Spenard; thence westerly through FAS Route 535 intersection at Anchorage High School and northerly to Radio Station KENI	10	0.9	0
544	From FAS Route 546 at east end of Merrill Field in Anchorage south, 0.5 mile and east 3 miles to an intersection with FAS Route 530	10	3.5	3.5
546	From FAP Route 31 intersection in Anchorage easterly through Fairview and City of Anchorage via 5th Avenue to junction with FAP Route 42 south of Mountain View	10	2.9	2.9

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
547	From FAP Route 31 approximately 4 miles south of Anchorage easterly 1 mile; thence northerly through FAS Route 530 intersection to a junction with FAS Route 536 with a spur west to a junction with FAP Route 31 and FAS Route 539, 2.5 miles south of Anchorage	10	6.9	6.9
549	From a point on FAS Route 547 approximately 4 miles south of Anchorage south 0.3 mile; thence east 1 mile to a junction with FAS Route 504; thence north 1.5 miles; thence west 1 mile to FAS Route 547	10	3.8	3.8
550	From a point on FAP Route 42, 0.5 mile north of Eagle River crossing southeasterly 5.9 miles	10	5.9	5.9
555	From a point on FAS Route 530 approximately 3 miles southeast of Anchorage; thence north to FAP Route 42 at south boundary of Elmendorf Air Force Base	10	3.0	3.0
559	From a point on FAP Route 42 north of Upper Fire Lake, westerly 1 mile; thence northeasterly via a junction with FAS Route 5591 to FAP Route 42 just south of Peters Creek crossing	10	7.4	7.4
560	From a point on FAS Route 525 approximately 4 miles southwest of Wasilla; thence southerly 1.7 miles to junction with FAS Route 5601; thence easterly and northeasterly to a junction with FAS Route 562 approximately 2.75 miles south of Wasilla	10	5.4	5.4

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
561	From a point on FAS Route 570 approximately 4 miles northwest of Matanuska; thence northeasterly to FAP Route 35 near Finger Lake	10	2.0	2.0
562	From a point on FAS 525 approximately 2.5 miles southwest of Wasilla; thence via FAS Route 560 intersection to a junction with FAS Route 570 approximately 3.0 miles east of Wasilla	10	7.6	7.6
565	From a point on FAS Route 570 approximately 1.25 miles northwest of Matanuska northerly through Four Corners intersection with FAP Route 35 to intersection with FAS Route 5651 and 5741; thence northeasterly to a "Y" junction with FAS Route 580	10	5.8	5.8
566	From a point on FAS Route 570 north of McLeod Lake and approximately 2 miles southwest of Palmer; thence east 1 mile to junction with FAS Route 568; thence north 1 mile; thence west 0.5 mile to junction of FAS Route 570 and 5701, approximately 1 mile southwest of Palmer with a spur east to FAS 568, 0.75 mile south of Palmer	10	3.0	3.0
568	From a point on FAS Route 570 south of McLeod Lake and approximately 2.5 miles southwest of Palmer; thence easterly 1.5 miles; thence north 0.5 mile to junction with FAS Route 566; thence east 1 mile; thence north 1 mile; thence west 0.7 mile; thence north and west 1.1 mile to FAP Route 35 and FAS Route 570 intersection at Palmer	10	5.8	5.8

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
570	From FAP Route 35 approximately 1 mile east of Wasilla southeasterly via junction with FAS Route 561 and 565 and Matanuska Spur; thence northeasterly to FAP Route 35 in Palmer	10	13.9	13.9
577	From a point on FAP Route 42, approximately 4 miles south of the Matanuska Bridge west, south and northeasterly to a junction with FAP Route 42 and FAS Route 5641 approximately 5 miles south of the Matanuska Bridge	10	6.2	6.2
579	From a point on FAP Route 42 immediately east of the Matanuska Bridge northerly through junctions with FAS Routes 5791 and 5792	10	3.5	3.5
580	From a point on FAP Route 42 approximately 1.5 miles north of Palmer northwesterly to junction with FAS Route 525; thence northerly to Little Susitna Lodge; thence westerly via Hatcher Pass and Willow Creek to junction with FAP Route 35 at Willow Station on the Alaska RR	10	51.2	51.2
584	From FAP Route 35 at Talkeetna northwesterly through Petersville to Cache Creek	10	40.7	40.7
585	From a point on FAP Route 42 at Sutton, approximately 12 miles northeast of Palmer north and northwesterly to Jonesville Coal Mine	10	2.4	2.4

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
620	From a point on FAP Route 62 approximately 5 miles east of Fairbanks northerly toward Chena River; thence northeasterly to Thirty Mile Slough; thence southeasterly along Thirty Mile Slough to FAP Route 62 at North Pole	20	12.1	12.1
624	From a point on FAS Route 671 (intersection of Illinois Street and Minnie Street) southeasterly via Minnie Street and Third Street to west boundary of Ladd Air Force Base; thence northwesterly to FAP Route 61, with a spur to Bentley Island	20	2.3	2.8
640	From a point on FAP Route 37 approximately 3.3 miles northwest of Fairbanks, a loop circling a portion of the University Campus	20	0.6	0.6
644	From a point on FAP Route 37 just west of FAP Route 37 Spur (University Avenue) intersection northerly 1.5 miles; thence easterly 5.5 miles; thence southerly 2 miles to FAP Route 61 intersection approximately 2 miles northeast of Fairbanks	20	9.0	9.0
645	From a point on FAP Route 37 at University of Alaska Experimental Farm southwesterly 5.7 miles, northwesterly 2.0 miles and northeasterly 5 miles to FAS Route 645 approximately 1.8 miles south of FAP Route 37 intersection to complete a loop	20	13.8	13.8
650	From a point on FAP Route 61 approximately 4 miles northeast of Fairbanks easterly and northerly to Chena Hot Springs	20	20.2	62.2

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
785	From FAP Route 62 at Tetlin Junction approximately 80 miles west of Alaska-Canada Border; thence northeasterly to the Yukon River at Eagle	20	161.0	161.0
786	From a point on FAS Route 785 approximately 80 miles north of FAP Route 62 intersection; thence southeasterly to the Alaska-Canada Boundary	20	13.9	13.9
809	From a point on FAP Route 42 approximately 30 miles west of Glenallen northerly to Lake Louise	11	20.0	20.0
810	From a point on FAS Route 851 at north Chugach Forest boundary approximately 39 miles east of Cordova; thence easterly to the Bering River	11	0	40.0
837	From junction with FAS Route 839 and 851 at Cordova southwesterly to Point Whitshed	11	3.4	12.9
839	From junction with FAS Route 837 and 851 at Cordova northeasterly along the shore of Eyak Lake	11	7.1	7.1
850	From junction with FAS Route 851 at Chitina easterly to McCarthy	11	1.0	59.0
851	From the Ocean Dock at the Port of Cordova through the Town of Cordova northerly paralleling the Copper River to a junction with FAS Route 850 at Chitina; thence northwesterly to a junction with FAP Route 71	11	88.0	179.0

FAS Route No.	Description	Highway District No.	Constructed Mileage	System Mileage
651	From a point on FAP Route 37 approximately 0.6 miles northwest of intersection of FAS Route 645 northwesterly to junction with FAS Route 6491; thence northerly to the junction of Sheep, Moose and Goldstream Creeks	20	5.5	
661	From FAP Route 62 Spur at FAP Route 37 Spur intersection south 0.75 miles; thence east 1 mile to FAS Route 665	20	1.8	1.8
665	From a point on FAP Route 62 Spur approximately 1.8 miles west of FAS Route 671 intersection in South Fairbanks; thence south 1.75 miles; thence east 2 miles; thence northwesterly to junction with FAS Route 671 at Fairbanks South City limits with "Y" connection to FAP Route 62	20	4.5	4.5
668	From FAS Route 670 at Central southeasterly to Circle Hot Springs	20	8.3	8.3
670	From junction with FAS Route 680 at Fox approximately 10 miles north of Fairbanks northeasterly to Circle on the Yukon River	20	152.8	152
671	From junction with FAP Route 62 at Fairbanks South City limits northwesterly through Fairbanks via Cushman Street and Illinois Street to junction with FAP Route 37 approximately 0.5 mile north of Fairbanks	20	2.5	2.5
680	From junction with FAP Route 61 and FAS Route 670 at Fox approximately 10 miles north of Fairbanks northwesterly through Livengood; thence southwesterly to intersection of FAS Routes 6803 and 6804; thence northwesterly to the Yukon River and southwesterly to Tanana	20	196.2	201.0

DECISION

State of Alaska : State Selection

Decision Vacated
Case Remanded

The State of Alaska, through its Department of Natural Resources, has appealed from a decision of the Anchorage District and Land Office, dated June 13, 1963, rejecting its above-identified selection application filed pursuant to section 6(b) of the Act of July 7, 1958, 72 Stat. 339-343, 43 U.S.C. § 354a (1964), for Lots 73, 76, 77 and 78, U. S. Survey 3042, T. 10 N., R. 2 E., SM, Alaska.

The application was rejected for the stated reason that the subject lots were quitclaimed to the State of Alaska by the Department of Commerce pursuant to the provisions of the Omnibus Act of June 30, 1959. 1/

The appellant in its appeal contends, in substance, that the decision appealed from is in error for the reason that the quitclaim deed, dated June 30, 1959, by which the Secretary of Commerce, United States Department of Commerce, conveyed all right, title, and interest to certain property listed in Schedules A, B, and C, attached to the deed, to the State of Alaska, did not include title to the subject lands. The appellant asserts that the real property in question, and which is the basis of its appeal, is described in Schedule B, marked Exhibit "B" of its appeal, and listed as the third item of the schedule, as Building No. 1197, Wood Frame with dimensions of 49' 3" X 39' 9" located in Girdwood Depot. The appellant further asserts that Public Land Order No. 797 of January 25, 1952, excluded the subject lands, along with other lands, from the Chugach National Forest, and reserved them for classification under the Small Tract Act of June 1, 1938, 52 Stat. 609, 43 U.S.C. § 682a; that Public Land Order No. 2210 of November 28, 1960, partly revoked Public Land Order 797, and opened certain of the lands to settlement, but Lots 73, 76, 77 and 78 of U. S. Survey 3042 were not included, and these lots remained withdrawn pending disposition under the Small Tract Act, thereafter Small Tract Classification Order No. 51 opened the majority of the lands in U. S. Survey 3042, for acquisition as small tracts; however, the lands in question remained withdrawn subject to the State's preference right to

1/ Alaska Omnibus Act of June 30, 1959, 73 Stat. 141.

select them under the Alaska Statehood Act of July 7, 1958. The appellant states that because Schedule B of the Quitclaim Deed of June 30, 1959, did not adequately or appropriately describe the subject lands, but only identified the improvements situated thereon, consisting of Building No. 1197, it, the State, on March 26, 1962, applied to the Bureau of Land Management, for patent /under the provisions of the Omnibus Act/. The appellant claims that because of this attempt to obtain patent to the subject lands it was discovered that the only interest held by the Bureau of Public Roads in the lands was an application for a Free Use Permit, dated April 23, 1951, to remove gravel material for highway maintenance purposes, and that this permit expired on February 20, 1962, the lands remaining in a withdrawn status.

The appellant concludes that in view of the facts stated the Bureau of Public Roads held no interest in the lands involved that could be conveyed to the State under the Omnibus Act, it has not received good and sufficient title to the lands in question, and suggests that it is incumbent upon the Bureau of Land Management to process its subject selection application to patent.

After carefully reviewing the records in this case, including the appeal submitted by the appellant, we conclude that the contentions of the appellant have merit.

Section 21 of the Alaska Omnibus Act, relating to the transfer by the Secretary of Commerce to the State of Alaska of any interests the Department of Commerce had in certain real and personal property under the jurisdiction of the Bureau of Public Roads in Alaska, provides that:

> "(a) The Secretary of Commerce shall transfer to the State of Alaska by appropriate conveyance without compensation, but upon such terms and conditions as he may deem desirable, all lands or interests in lands, including machinery, office equipment, and supplies, and all records pertaining to roads in Alaska, which are owned, held, administered by, or used by the Secretary in connection with the activities of the Bureau of Public Roads in Alaska, (i) except such lands or interests in lands, including buildings and fixtures, personal property, including machinery, office equipment, and supplies, and records as the Secretary may determine are needed for the operations, activities, and functions of the Bureau of Public Roads in Alaska after such transfer, including services or functions performed pursuant to section 44 of this Act; and (ii) except such lands or interests in lands as he or the head of any other Federal agency may determine are needed for continued retention in Federal ownership for purposes other than or in addition to road purposes."

Record information verifies that the statement of the appellant to the effect that the only apparent interest that the Bureau of Public Roads may have had in Lots 73, 76, 77 and 78, at any time, was the right to remove gravel therefrom under an extension of the above mentioned Free Use Permit issued by the Bureau of Land Management to its predecessors, the Alaska Road Commission on February 20, 1952. The expiration date of this Free Use Permit, as extended, was February 20, 1962. Prior to the expiration date and on May 9, 1960, the permit was transferred to the State of Alaska, which automatically expired on February 20, 1962, in the absence of a request for a further extension. The Free Use Permit, Anchorage 018715, was closed on the records of the Anchorage Land Office, by a decision of May 3, 1962.

Had the subject lands been formally withdrawn by a public land order, or by an Executive Order, for use in connection with, or as part of the highway system or right-of-way, on behalf of the Alaska Road Commission, or its successor, the Bureau of Public Roads, such a withdrawal, we think, would have created such a right or interest in the lands that could have been properly conveyed to the State of Alaska as provided in the Alaska Omnibus Act. It has been ruled, however, that land held by a Federal Government Agency under a special land use or free use permit, does not constitute a withdrawal of the land, or otherwise prohibit its disposal under the appropriate public land laws. Cf. Raymond J. Hansen, Mrs. Louise Safarik, A-30412 (August 27, 1965), Solicitor's Opinion, M-36982, (July 22, 1960).

Thus we can only conclude that the Secretary of Commerce did not have any interest in Lot 73, 76, 77 and 78, that he could properly transfer by quitclaim deed or any other instrument, to the State of Alaska within the purview of the Alaska Omnibus Act, supra. This conclusion appears to be well substantiated by the fact that the subject lands were not described in Schedule B attached to and made part of the quitclaim deed referred to above, but it was intended to merely convey any interest the Department of Commerce had in the wood frame building, No. 1197, as described in said Schedule B, which apparently was located on a portion of the subject lands.

Accordingly, the decision appealed from is hereby vacated, and the case is remanded to the District Manager through the Bureau's Office of the State Director for Alaska for further processing of the appellant's selection application, as is necessary in the circumstances.

DECISION

State of Alaska : State Selection

Decision Vacated
Case Remanded

The State of Alaska, through its Department of Natural Resources, has appealed from a decision of the Anchorage District and Land Office, dated June 13, 1966 rejecting its above-identified selection application filed pursuant to section 6(b) of the Act of July 7, 1958, 72 Stat. 339-343, 43 U.S.C. § 354a (1964), for Lots 73, 76, 77 and 78, U. S. Survey 3042, T. 10 N., R. 2 E., SM, Alaska.

The application was rejected for the stated reason that the subject lots were quitclaimed to the State of Alaska by the Department of Commerce pursuant to the provisions of the Omnibus Act of June 30, 1959. 1/

The appellant in its appeal contends, in substance, that the decision appealed from is in error for the reason that the quitclaim deed, dated June 30, 1959, by which the Secretary of Commerce, United States Department of Commerce, conveyed all right, title, and interest to certain property listed in Schedules A, B, and C, attached to the deed, to the State of Alaska, did not include title to the subject lands. The appellant asserts that the real property in question, and which is the basis of its appeal, is described in Schedule B, marked Exhibit "B" of its appeal, and listed as the third item of the schedule, as Building No. 1197, Wood Frame with dimensions of 49' 3" X 39' 9" located in Girdwood Depot. The appellant further asserts that Public Land Order No. 797 of January 25, 1952, excluded the subject lands, along with other lands, from the Chugach National Forest, and reserved them for classification under the Small Tract Act of June 1, 1938, 52 Stat. 609, 43 U.S.C. § 682a; that Public Land Order No. 2210 of November 28, 1960, partly revoked Public Land Order 797, and opened certain of the lands to settlement, but Lots 73, 76, 77 and 78 of U. S. Survey 3042 were not included, and these lots remained withdrawn pending disposition under the Small Tract Act, thereafter, Small Tract Classification Order No. 51 opened the majority of the lands in U. S. Survey 3042, for acquisition as small tracts; however, the lands in question remained withdrawn subject to the State's preference right to

1/ Alaska Omnibus Act of June 30, 1959, 73 Stat. 141.

337550001015
ARLIS
Alaska Resources
Library & Information Services
Anchorage Alaska

select them under the Alaska Statehood Act of July 7, 1958. The appellant states that because Schedule B of the Quitclaim Deed of June 30, 1959, did not adequately or appropriately describe the subject lands, but only identified the improvements situated thereon, consisting of Building No. 1197, it, the State, on March 26, 1962, applied to the Bureau of Land Management, for patent [under the provisions of the Omnibus Act]. The appellant claims that because of this attempt to obtain patent to the subject lands it was discovered that the only interest held by the Bureau of Public Roads in the lands was an application for a Free Use Permit, dated April 23, 1951, to remove gravel material for highway maintenance purposes, and that this permit expired on February 20, 1962, the lands remaining in a withdrawn status.

The appellant concludes that in view of the facts stated the Bureau of Public Roads held no interest in the lands involved that could be conveyed to the State under the Omnibus Act, it has not received good and sufficient title to the lands in question, and suggests that it is incumbent upon the Bureau of Land Management to process its subject selection application to patent.

After carefully reviewing the records in this case, including the appeal submitted by the appellant, we conclude that the contentions of the appellant have merit.

Section 21 of the Alaska Omnibus Act, relating to the transfer by the Secretary of Commerce to the State of Alaska of any interests the Department of Commerce had in certain real and personal property under the jurisdiction of the Bureau of Public Roads in Alaska, provides that:

> "(a) The Secretary of Commerce shall transfer to the State of Alaska by appropriate conveyance without compensation, but upon such terms and conditions as he may deem desirable, all lands or interests in lands, including machinery, office equipment, and supplies, and all records pertaining to roads in Alaska, which are owned, held, administered by, or used by the Secretary in connection with the activities of the Bureau of Public Roads in Alaska, (i) except such lands or interests in lands, including buildings and fixtures, personal property, including machinery, office equipment, and supplies, and records as the Secretary may determine are needed for the operations, activities, and functions of the Bureau of Public Roads in Alaska after such transfer, including services or functions performed pursuant to section 44 of this Act; and (ii) except such lands or interests in lands as he or the head of any other Federal agency may determine are needed for continued retention in Federal ownership for purposes other than or in addition to road purposes."

Record information verifies that the statement of the appellant to the effect that the only apparent interest that the Bureau of Public Roads may have had in Lots 73, 76, 77 and 78, at any time, was the right to remove gravel therefrom under an extension of the above mentioned Free Use Permit issued by the Bureau of Land Management to its predecessors, the Alaska Road Commission on February 20, 1952. The expiration date of this Free Use Permit, as extended, was February 20, 1962. Prior to the expiration date and on May 9, 1960, the permit was transferred to the State of Alaska, which automatically expired on February 20, 1962, in the absence of a request for a further extension. The Free Use Permit, Anchorage 018715, was closed on the records of the Anchorage Land Office, by a decision of May 3, 1962.

Had the subject lands been formally withdrawn by a public land order, or by an Executive Order, for use in connection with, or as part of the highway system or right-of-way, on behalf of the Alaska Road Commission, or its successor, the Bureau of Public Roads, such a withdrawal, we think, would have created such a right or interest in the lands that could have been properly conveyed to the State of Alaska as provided in the Alaska Omnibus Act. It has been ruled, however, that land held by a Federal Government Agency under a special land use or free use permit, does not constitute a withdrawal of the land, or otherwise prohibit its disposal under the appropriate public land laws. Cf. Raymond J. Hansen, Mrs. Louise Safarik, A-30412 (August 27, 1965), Solicitor's Opinion, M-36582, (July 22, 1960).

Thus we can only conclude that the Secretary of Commerce did not have any interest in Lot 73, 76, 77 and 78, that he could properly transfer by quitclaim deed or any other instrument, to the State of Alaska within the purview of the Alaska Omnibus Act, supra. [redacted] as described in said Schedule B, which apparently was located on a portion of the subject lands.

Accordingly, the decision appealed from is hereby vacated, and the case is remanded to the District Manager through the Bureau's Office of the State Director for Alaska for further processing of the appellant's selection application, as is necessary in the circumstances.

BPR conveyances under "Alaska Omnibus Act", Public Law 86-70 interim procedures

You are all aware of the uncertainties that have existed following the purported conveyance of lands by quitclaim deed from the Secretary of Commerce to the State of Alaska as authorized by Section 21 of the Alaska Omnibus Act. The indefiniteness and vagueness of descriptions have made record notation almost impossible and the State has encountered serious problems in identifying the lands it received and in showing adequate title transfer.

Consequently the State has commenced to file patent applications for various of these sites for clarification of the issue and a number of these applications are now pending in both land districts.

Section 21 of the "Alaska Omnibus Act" reads in part: "The Secretary of Commerce shall transfer to the State of Alaska by appropriate conveyance.... all lands or interests in lands....which are owned, held, administered by, or used by the Secretary in connection with the activities of the Bureau of Public Roads in Alaska."

The several quitclaim deeds from the Secretary of Commerce to the "State of Alaska" read in part: "...The Secretary of Commerce....does hereby devise, release, and quitclaim unto the State of Alaska....all rights, title, and interest of the Department of Commerce in and to all of the real properties listed in Schedules A, B, and C, attached hereto and made parts hereof, which properties are now owned, held, administered, or used by the Department of Commerce in connection with the activities of the Bureau of Public Roads in Alaska...."

We think ample authority was provided in the Omnibus Act for the Secretary of Commerce to convey complete title to certain of those lands which were owned, or held, or administered for Bureau of Public Roads functions when the functions on such sites were subsequently assumed by the State of Alaska. A number of shortcomings in the several quitclaim deeds from the Secretary of Commerce has led the State of Alaska to apply for supplemental or confirmation title to those tracts for which the State has assumed jurisdiction and control.

33735000 01915

ARLIS
Alaska Resources
Library & Information Services
Anchorage Alaska

While the State is now applying for patent to these tracts there is uncertainty as to whether patent may be issued subsequent to previous quitclaim deeds. Three courses of action are indicated:

1. Issuance of patent to those tracts which were actively utilized by the BPR when the functions were subsequently adopted by the State.

2. Issuance of supplemental quitclaim deed by the Secretary of Commerce on an individual tract or site basis.

3. Rejection of the State's applications by decision informing them that Land Office records indicate title transfer by prior quitclaim deeds.

The final disposition of these applications now being filed will be one of the subjects for discussion with Mr. Senzel during his forthcoming visit.

Meanwhile certain action may be taken on the applications by the field sections. It is essential that the descriptions of those tracts which were actually intended to be transferred to the State be adequately identified and described for accurate record notation, both for lands no longer a part of the public domain and identification of bounds of adjoining public domain lands.

1. Determine those sites which were improved and utilized by the BPR and which were subsequently transferred for utilization and administration by the State. These may be road maintenance camps or depots presently under public land order withdrawal, use permits, or merely appropriated public lands.

2. For those sites meeting the criterion of (1) above, examine for adequacy of description. If unsurveyed, we should immediately call for administrative survey at CEO's convenience, perhaps in conjunction with nearby or adjoining demand surveys. If the public land order or special land use permit area description is not excessive, we will utilize that description but with assurance that the tract as surveyed will extend to the centerline of the highway, if on a highway, and also with assurance that the description embraces the improvements now utilized by the State.

   If the area of the public land order or special land use permit is excessive, we must coordinate with State Division of Lands personnel for a determination of description which adequately covers the present State functions as transferred from the BPR.

Thereafter, call for survey of the agreed on area.

3. For those sites which we considered were transferred which were under public land order withdrawal or special land use permit, the classification section should be advised so that revocation action may be initiated, or the Land Office should be alerted for cancellation of use permits.

4. For those sites or entries on the schedules which do not meet the criteria of (1) above, advise the State Division of Lands. Generally, they will not consider as being transferred or intended for transfer, such sites as were not actively used by the BPR where functions were not assumed by the State. We will not consider as being conveyed the following:

   (a) purely material sites which the State may use under provisions of the Federal Aid Highway Act

   (b) BPR withdrawals for other than highway maintenance, or construction use i.e. flood control, etc.

   (c) sites which may have been used by BPR in the past but which were abandoned (from use) and BPR functions were not assumed by the State

   (d) sites which were so indefinitely described as to make identification of lands impossible

   (e) entries which purported to convey to the State lands which were formerly privately owned lands

Both heads of the field investigations units should have for reference a complete set of the schedules describing properties purported to be conveyed by the quitclaim deed. As applications are filed by the State and they are received in the L&M sections, the serial number should be entered in the appropriate line on the schedule. Both units should note by appropriate marking all entries on the schedules relating to their respective land districts to keep track of the sites the State is claiming interest and those for which the State does not consider to have been conveyed.

It is understood that the State Division of Lands intends to file applications for all sites which they believe were received from the Secretary of Commerce and which are now utilized by the State highway personnel.

We should eventually be able to run through the complete schedules in coordination with the State Division of Lands and account for each entry in those schedules either by (1) complete survey and assumption of title transfer for those sites which were improved and utilized by the BPR and functions transferred to the State, (2) agreement or disclaimer of intent by the State for those other entries of public land where the State did not assume administration of functions formerly executed by the BPR.

Even with final disposition of the applications still uncertain, we will, through coordination with the State, have accurately and definitely identified those sites which the State has assumed jurisdiction and use so that our records may be properly noted and so that the State will have accurate identification. Also we will have ascertained those entries on the schedules which the State does not claim and again our records may be noted accordingly.

v.1

SEP 21 1978

Mr. Greg Papas
Dickson, Evans & Esch
880 "H" Street
Anchorage, Alaska 99510

Dear Mr. Papas:

This is to provide confirmation of the telephone conversation between you and Sue Wolf of this office regarding the City of Bethel airfield property and the reversionary interest held by the United States.

A thorough review of the situation reveals the following chronological events:

12/1/1911 - Patent 235871 issued to the Society of the United Brethren for propagating the Gospel among the Heathen (Moravian Mission) for U.S. Survey 870.

7/13/1937 - Warranty deed issued from Society of United Brethren to United States for 42.4 acres, being a portion of U.S. Survey 870.

6/4/1951 - Grant deed No. 10211 issued from the United States, by and through the Alaska Road Commission, to the territory of Alaska for 42.4 acres. This warranty deed contained a reversionary clause providing that "should the said lands herein granted cease to be used for airfield purposes and thus be abandoned by the territory of Alaska, then . . . this transfer of land shall cease and all rights granted herein shall revert to the United States. . . ."

6/30/1959 - Quitclaim deed issued to the State for Bethel Airfield. Alaska Omnibus Act of June 25, 1959 (73 Stat. 141), directed the Secretary of Commerce to transfer to the State of Alaska all lands or interests in lands which were owned or held, administered by, or used by the Secretary in connection with activities of the Bureau of Public Roads. (The Bureau of Public Roads is the successor in interest to the Alaska Road Commission).

6/19/1968 - Quitclaim deed issued from State of Alaska, Department of Public Works, Division of Aviation to State of Alaska, Department of Natural Resources, Division of Lands.

337550001019S

ARLIS
Alaska Resources
Library & Information Services
Anchorage, Alaska

6/21/1968 - Quitclaim deed from State of Alaska, Department of Natural Resources, Division of Lands to City of Bethel.

This chronology was reviewed and discussed with the Regional Solicitor. It is his opinion that any reversionary interest that the United States may have retained by virtue of the June 4, 1951 grant deed was transferred to the State of Alaska by the quitclaim deed issued on June 30, 1959, under the authority of the Alaska Omnibus Act.

Enclosed are copies of the 1959 quitclaim deed and a decision by the Acting Chief, Office of Appeals and Hearings which support the Regional Solicitor's verbal opinion.

Sincerely yours,

/s/ CLAIR M. WHITLOCK

Acting State Director

Transfer of BPR Interests to State of Alaska

It is apparent that there is a need to document further the BLM's role in affecting the transfer of certain properties from the BPR to the State of Alaska. As you know, Sec. 21 (a) of the Alaska Omnibus Act of June 25, 1959 directed that "The Secretary of Commerce shall transfer to the State of Alaska by appropriate conveyance ... all lands or interest in lands ... which are owned, held, administered by, or used ... in connection with activities of BPR..." The transfer has been affected by quit claim deeds effective June 30, 1959 and June 30, 1960. Notices of these conveyances of property to Alaska were issued July 20, 1959 and June 24, 1960, and published in the Federal Register July 25, 1959 and June 29, 1960 respectively. Various schedules listing the specific properties conveyed to the State have been obtained from the Regional Office of the BPR at Juneau and transmitted to our Operations Offices.

A cursory inspection of these schedules reveals that a variety of methods were employed by the BPR in the acquisition or use of these properties. Also many of the descriptions do not accurately identify the lands involved. As a consequence there is uncertainty as to the interest of the BPR in some of the properties, and the descriptions are not always adequate for precise identification of the lands.

Accordingly, it would be to the mutual benefit of the State and the BLM to identify accurately these properties, undertake surveys or prepare supplemental plats when necessary, clarify the land status, and resolve any question of title. Such action looking to the issuance of patent might forestall questions or minimize problems in the future, relative to the title to these lands.

The initiative for this action will rest with the State. A separate application for patent for each parcel will be filed in the land office for the District in which the land is situated, signed by the proper State official (presumably in the Department of Public Works, Division of Highways). No specific form has been prescribed for this purpose, but each application should cite the authority for the conveyance, the quit claim deed from the Secretary of Commerce to the State, the page number and schedule in which the parcel is listed, and a legal description of the tract.

33755C0010115

ARLIS
Alaska Resources
Library & Information Services
Anchorage Alaska

It is recommended that there be no filing or conveyance fees, or publication, required on the part of the State in connection with the patenting of the subject lands.

Upon receipt of the State's application for patent, the land office will assign a serial number, prepare a land status report, determine if the lands were properly subject to conveyance to the State, and refer the case to the lands and minerals officer for a report.

The L & M Officer will ascertain the adequacy of the land description, prepare a request for survey or supplemental plat if necessary, and report on any other factors germaine to the adjudication of the application.

If survey of the tract, or preparation of supplemental plat, is necessary, the cadastral engineering officer will, upon receipt of the request, schedule it for early action. Final adjudication for issuance of final certificate and patent will be handled by the land office in the usual manner. If for any reason it is necessary to take adverse action on the State's application for patent, a decision will be issued with right of appeal.

Following issuance of patent, the withdrawal, permit, or other authority, by which BPR utilized the property involved, will be revoked or cancelled in order to clear the land office records.

It is desirable that this program be initiated promptly. Therefore, we would appreciate your comments on the suggested approach as soon as possible so that we may advise the State and our Operations Offices of the procedures to be followed.

SPEEDMESSAGE

To: Area Administrator, Area 4

From: Director

Subject: Transfer of BPR interests to State of Alaska

Your speedmessage of August 11, (LG 17-1), suggests a procedure to minimize future problem of conveyances made by the Department of Commerce and recommended by the Bureau of Public Roads pursuant to Section 21 (a) of the Alaska Omnibus Act of June 25, 1959.

Although we recognize the basic problem, there appears no legal authority for the action you contemplate. During the consideration of the Omnibus bill we had pointed out to the Department the problems inherent in this section and the need for land identification and the integration of such transfers by means of the Federal Aid Highway Act.

Such action would have placed the burden on the Bureau of Public Roads rather than on the other Federal agencies. However, our suggestion was not adopted and therefore it would appear incumbent upon this Bureau to screen all proposals and advise the Bureau of Public Roads of any objections or possible conflicts. Also, where this Bureau has or appears to have an interest in the lands to be conveyed, the procedure established by the BPR in their published notice should be followed.

As the conveyances are by quitclaim deed, any fee conveyance of public lands would leave nothing in the United States upon which we could take the action proposed by your speedmessage.

In your screening process if the land descriptions are so vague as to be unidentifiable with our records, the BPR should be apprised that there may be conflicts and where possible identify the various probable conflicts.

SUBJECT: B.P.R. Conveyances - Omnibus Act, PL 86-70

In the interest of accomplishing the timely and systematic retirement of subject problem, you are, effective this date, assigned the responsibility of carrying this project to completion. This is essentially a records project.

Please review the schedules with personnel of the State Division of Lands; they have completed some work on this.

You will carry the work through step 4 of page 4 of memo on subject dated May 26, 1965.

The Chief, Adjudication Section will have the responsibility of step 5, page 4. You will then pick up and accomplish step 6, page 4.

If you have any questions, let's clear them up promptly.

J. Coffman

JUN 14 1962

Memorandum

To: State Director, Alaska

From: Chief, Division of Lands and Recreation

Subject: Conveyances under Public Law 86-70

We have reviewed the program you informally submitted for the identification, description, and survey of certain sites quitclaimed to the State of Alaska under the terms of the so-called Omnibus Act. Some procedural instructions on this problem were contained in a speedmessage dated August 17, 1960. You may recall that, additionally, your proposal was discussed with a representative of the Directorate in your Lands Technical Conference of November, 1960.

The proposed program is based on assumptions that have not been tested. It appears to be premature to program the expenditure of Federal funds before it is established that a need for the expenditure exists. The initial step may be for the State of Alaska to state its claims, providing the documents to support these claims. Once a claim or claims are advanced, then we can properly evaluate the problem.

Irving Senzel

Mr. Jesse M. Honeywell
Area Administrator
Bureau of Land Management
P. O. Box 1481
Juneau, Alaska

Dear Mr. Honeywell:

We have received three letters in the past few days from the Anchorage Land Office all inquiring into the status of certain lands which were withdrawn for road purposes in past years. From the context of these letters it is inferred that a comprehensive review of public land withdrawals is being initiated.

As you are aware all realty holdings of Public Roads were transferred to the State of Alaska under provisions of the Omnibus Act. Specific parcels are itemized in the various schedules which have been made a part of the deed of conveyance.

In the interest of conserving the time of your staff it is suggested that copies of the official schedules referred to above be made available to the field offices for use in researching the parcels under consideration, and enabling them to direct their inquiries to the proper office.

Enclosed for your ready reference is a copy of one of the documents referred to above, a letter dated January 19, 1961, from Mr. L. T. Main.

Very truly yours,

Wm. J. Niemi
Regional Engineer

Relinquishments where Federal agency has quitclaimed interest to State of Alaska

Under the Alaska Omnibus Act (73 Stat. 141) various interests, held under withdrawals by Federal agencies, were quitclaimed by the agency to the State of Alaska.

In reviewing withdrawals effected by these quitclaims it does not appear necessary to obtain a specific relinquishment from the Federal agency involved. In such cases you may consider the quitclaim deed as a relinquishment of the withdrawal as to the lands actually involved in the quitclaim deed.

Alaska: State Selection Application--Lands Subject to 2222.9

It is improper to reject a State selection application for lands purportedly quitclaimed to the State of Alaska by the Secretary of Commerce under the Alaska Omnibus Act, where it is determined that the Department of Commerce did not hold such a right or interest in the lands involved that could be properly conveyed pursuant to said act.

District and Land Offices

FROM : Chief, Division of Lands and Minerals Management

SUBJECT: BPR conveyances under "Alaska Omnibus Act", Public Law 86-70

Under the Alaska Omnibus Act of June 25, 1959, certain lands under the jurisdiction of, or use by, the Bureau of Public Roads were transferred to the State of Alaska by quitclaim deed from the Secretary of Commerce. The quitclaim deed and accompanying schedules list all tracts in which the Bureau of Public Roads had, or may have had, an interest, Some tracts had been relinquished or not been used by the BPR, and many were poorly described. The following listed schedules show the tracts purported to be conveyed:

Schedule B - June 30, 1959

Schedule C - June 30, 1959

Schedule B-2 - June 30, 1960

Schedule C-2 - June 30, 1960

The State recognizes the fallacies and discrepancies in these lists and does not claim any right or interest in many of the itemized parcels.

In order to clarify and confirm title transfer to certain of the listed tracts for which they do have a real interest, the State has filed a number of applications for patent in both districts.

Our first order of business is to dispose of these applications. We are without authority to issue patent on those tracts which have already been conveyed under proper authority. We can however confirm land descriptions of the tracts involved, and clearly note our records to show conveyance by Department of Commerce quitclaim as authorized by P. L. 86-70.

The attached previous correspondence will provide background on this problem (memo to Director 8/11/60; response 8/17/60; memo from Senzel 6/14/62; our memo of 6/19/62).

There is little likelihood that we will get any further assistance in resolving our problem with these conveyances unless the State exerts efforts either (1) to have the Department of Commerce issue clarifying supplemental deeds on an individual tract basis, or (2) for special legislation for BLM to issue confirmation patents on an individual tract basis.

Meanwhile we should proceed as follows. I suggest you assemble a complete set of the schedules and clearly mark those tracts located in your respective land district. These schedules can be utilized for overall control of this problem with notations thereon relating to serialized applications, resolution of description, notation of land office records, and final advice to the State. Lines should be drawn through the particular tract entry when we have evidence of no State interest or when the tracts were merely right of ways or were private or acquiredlands.

A. On the applications before us:

1. Determine that the tract is listed on one of the schedules.

2. Determine that the site was improved and utilized by BPR and that the State has assumed operations on it.

   a. Should the subject tract be embraced in a federal withdrawal other than that of BPR and the tract is within the highway easement, we will consider the State interest adequately protected and will not note quitclaim deed conveyance. Otherwise, contact the holding agency to see if a partial relinquishment may be made of withdrawal. If successful we can note our records of the quitclaim deed conveyance. If not, advise the State of the problem for negotiation.

   b. Where the lands fall within a selection area and the State so desires, there is no reason why the entire tract should not be included in the selection. In such a case, there is no reason to do more than make a short comment in the field report, indicating that either the description in the quitclaim deed is too inaccurate for plotting or that there is question as to the BPR's former use or jurisdiction.

3. Determine that the entire tract as listed in the schedule was being utilized by BPR and subsequently by the State. When the acreage appears excessive and we consider it administratively desirable to reduce the size to that actually used or that reasonably expected to be used, consult with the State for a mutually agreeable description. For such adjusted description, get evidence of State concurrence in our file.

4. Note the final description of the subject tract on our official records to the effect that this land was conveyed by quitclaim deed of given date as authorized by P. L. 86-70.

   a. If the lands are unsurveyed, advise engineering of need for administrative survey at our convenience to clearly delineate the adjacent public domain boundaries. This may be made as an exclusion in a selection area, or made in conjunction with an adjacent or nearby demand survey.

5. Issue a decision to the State rejecting its application for patent to the subject tract on the basis that the lands have already been conveyed and that we are without proper authority. As a separate section of the decision, indicate that our official land office records show that the subject described tract was conveyed to the State by quitclaim deed of given date under authority of P. L. 86-70.

6. After all applications have been thus disposed of and records properly noted, assemble for restoration, all BPR withdrawals covering the subject tracts, with staff report that these lands have been conveyed to the State and that the withdrawal order should be revoked. (Regardless of the mutually determined description we have used for our record notation, the withdrawal restoration will be for the entire area of the withdrawal). A similar procedure should be adopted to cancel existing permits.

B. Review remaining tracts listed on the schedules.

1. If the BPR right was only for right of way and the ROW or easement is still protected, we will not note conveyance to the State.
2. If the BPR interest was an acquired easement on private lands or warranty deed from private lands we will not note our records as to conveyance.
3. In any instance where the State has interest in a tract and prefers it to be included in its general selection program, we will not note our records as conveyance under P. L. 86-70.
4. For any other listed tracts in which the State does have interest, we will proceed as in Section A above.
5. Other tracts for which the State has no interest should be so noted on your master schedules, with evidence from the State of this decision. The conveyance will not be noted on our official records.

FROM : Operations Supervisor, Juneau

SUBJECT: Conveyance of Property to Alaska

Attached is a copy of page 5977 of the July 25,1959, issue of the Federal Register, whereby notice is given that the Secretary of Commerce, by quitclaim deed, transferred to the State of Alaska all rights, title and interest of the Department of Commerce in all real properties owned, held, administered, or used in connection with the activities of the Bureau of Public Roads in Alaska. This office has obtained a list of the individual parcels of land transferred.

Attached is that part of the list pertaining to your respective districts. This is submitted for your information and any record notation deemed necessary.
