Memorandum

AUG 10 1965

To: Heads of bureaus and offices

From: The Secretary

Subject: Secretary's Orders

The enclosed Appendix 2 of Part 307, Departmental Manual, lists the Secretary's Orders which are currently in effect. Many of them are obviously out of date. Others are concerned with procedural matters which should be incorporated in appropriate parts of the Departmental Manual. Delegations of authority to heads of bureaus and offices should be consolidated, summarized and issued as Manual releases in the delegation series (Parts 200-299, Departmental Manual).

Secretary's Orders should be limited to temporary delegation of authority, emergency regulations, special assignments of functions, and initial policy and functional statements on the establishment of new units--all of which should later be converted to appropriate parts of the Departmental Manual or revoked.

Accordingly, I propose to revoke all Secretary's Orders on this current list on December 31, 1965, unless a written justification for the retention of an Order is submitted to the Assistant Secretary for Administration before November 1, 1965.

The heads of bureaus and offices and of the Secretarial offices and divisions will review this list, and will initiate any necessary conversions to the Departmental Manual. Manual releases converting Secretary's Orders to Manual form, as well as justifications for the retention of Orders, must be submitted to the Assistant Secretary for Administration before November 1, 1965, to allow sufficient time for review and clearance before the revocation of the Orders.

Recommendations for the revocation of any Secretary's Orders without conversion to the Departmental Manual may be submitted at any time to the Assistant Secretary for Administration.

ALASKA FEDERAL-AID NUMBERING SYSTEM

Primary System

Federal-Aid Primary Route numbers have been established as follows:

BOOK 54 PAGE 208
Homer Recording District

1. The primary system established consists of the principal highways, either existing or scheduled for early contract construction, and a projected ferry and highway system through the southeastern section.

2. Projected expansions of the system generally will be constructed and maintained as secondary roads until traffic volume dictates reclassification to a Primary Route.

3. Beginning in the southwest portion of the State, south-north routes were given odd numbers and west-east routes were given even numbers.

Secondary System

The Secondary System established consists of two classifications identified as follows:

Class "A" - Principal secondary roads serving as main arteries and requiring improvements within the foreseeable future.

Class "B" - Secondary roads of the type normally constructed and maintained by states or counties.

For ease in geographical location and assignment of secondary route numbers, the State has been divided into 9 zones, identified on a marked Alaska map E.

Class "A" routes were assigned 3-digit numbers, the first digit indicating the zone location. Odd numbers were assigned to south-north routes and even numbers to west-east routes.

Class "B" routes were assigned 4-digit numbers, the first digit indicating the zone location. South-north routes were assigned odd numbers; west-east routes assigned even numbers. A zero as the last digit indicates an isolated route not connected to any principal system.

As in the primary system, low numbers were assigned to the southern and western areas of each zone, progressing to the higher numbers in the northern and eastern areas.

Dear Mr. Sandberg:

On March 23, 1978, you submitted a map for the Fielding Lake Road and requested we note our records. The road had been built by the United States, which quit claimed its interest to the State of Alaska by PL 86-70, the Omnibus Act. The road will be noted to our records.

Your department also submitted a list of 13 roads on June 7, 1978, again requesting these roads be noted to the records. The location of each road was identified by township and range, but no maps were submitted. We cannot note these roads to the records until maps are received which show the location of the roads. You should also reference each road by its route or page number on the Omnibus schedule. We will note the records as soon as possible after receiving the necessary informantion.

Sincerely yours,

DEPARTMENT OF COMMERCE

Bureau of Public Roads

CONVEYANCE OF PROPERTY TO ALASKA

Pursuant to the authority contained in section 21 of the act approved by the President June 25, 1959 (73 Stat. 141), the Secretary of Commerce by quitclaim deed on June 30, 1959, transferred to the State of Alaska all rights, title and interest of the Department of Commerce in all real properties owned, held, administered, or used by the Secretary of Commerce in connection with the activities of the Bureau of Public Roads in Alaska, except such real properties as the Secretary has determined are needed for the operations, activities, and functions of the Bureau of Public Roads in Alaska after such transfer. This transfer was subject to the condition that if the Secretary of Commerce or the head of any other Federal agency determines and publishes notice thereof in the FEDERAL REGISTER within 120 days next following June 30, 1959, that all or any part of these premises or any interests therein are needed for continued retention in Federal ownership for purposes other than or in addition to road purposes, the Secretary of Commerce may enter and terminate the estate quitclaimed in those portions of the premises concerning which said determinations are made, by notifying the Governor of the State of Alaska of such termination by registered letter or letters mailed by June 30, 1960. The State of Alaska has accepted the property transferred without waiving any rights it might otherwise have to refer any dispute to the Claims Commission authorized by section 46 of the aforesaid act approved June 25, 1959.

In order to give Federal agencies an opportunity to determine whether any of the real property so transferred is needed for continued retention in Federal ownership for purposes other than or in addition to road purposes, the following procedure will be used:

(a) Any Federal agency which determines that any of such real property is needed for continued retention in Federal ownership shall publish notice of such determination in the FEDERAL REGISTER within 60 days from the date of this publication.

(b) Such notice shall set forth a determination that there is either a firm requirement or a tentative requirement for retention of the properties concerned.

(c) If the notice sets forth a tentative requirement, the agency concerned shall determine whether a firm requirement for the property exists and, if so, shall publish notice of such determination within 30 days after publication of notice of the tentative requirement.

(d) It will be considered that none of the lands or interests in lands so transferred are needed for retention in Federal ownership for purposes other than or in addition to road purposes, unless a notice or notices with respect thereto are published in the FEDERAL REGISTER as provided in paragraphs (a), (b), and (c) herein.

(e) After notice has been published in the FEDERAL REGISTER that a firm requirement exists for the retention in Federal ownership of any real property transferred as above described, the Federal agency concerned shall, within 120 days after publication of such notice, submit a formal request to the Secretary of Commerce for the Secretary to enter and terminate the estate quitclaimed to the State of Alaska to the extent of the agency's request. Failure of a Federal agency to make such formal request to the Secretary of Commerce will be deemed a waiver of any right to have the property retained.

Real property retained in Federal ownership as provided herein which is not needed or required for any purpose by the Department of Commerce shall be reported as excess by the Secretary of Commerce to the General Services Administration, in accordance with applicable regulations and procedures, and the General Services Administration will be advised of the determinations of the Federal agencies.

A detailed list of individual parcels of land which have been transferred to the State of Alaska pursuant to section 21 of the act approved by the President June 25, 1959 (73 Stat. 141) is on file for inspection at the offices of the Bureau of Public Roads, U.S. Department of Commerce, 1717 H Street NW., Washington, D.C., Room 865, and at the Regional Office, Bureau of Public Roads, U.S. Department of Commerce, Federal Building, Juneau, Alaska.

Federal Maritime Board

[Docket No. 660]

FREE TIME AND DEMURRAGE CHARGES WHEN REMOVAL OF CARGO PREVENTED BY TRUCKERS; NEW YORK

Notice of Investigation and of Hearing

On July 9, 1959, the Federal Maritime Board entered the following order:

Whereas, the United States Maritime Commission in its decision and order of October 19, 1948, Docket No. 659, Free Time and Demurrage Charges—New York, 2 U.S.M.C. 89, set forth specific rules and regulations, binding upon all common carriers by water in foreign commerce, with respect to free time and demurrage on import property at the Port of New York; and

Whereas, such decision and order were adopted as rules of the Commission by General Order No. 69, effective December 15, 1948 (46 CFR Part 226); and

Whereas, the regulatory functions of the Commission were transferred to the Federal Maritime Board by Reorganization Plan No. 21 of 1950 (64 Stat. 1273, 46 U.S.C.A. 1111 Note); and

Whereas, a controversy has arisen as to the application of such decision and order to the period of partial interference with removal of cargo from piers in the Port of New York in April 1959 alleged to be due to action taken by the Empire State Highway Transportation Association, Inc.

It is ordered, That pursuant to sections 17 and 22 of the Shipping Act, 1916 (46 U.S.C. 816 and 821), and section 4 of the Administrative Procedure Act (5 U.S.C. 1003), the Board institute a proceeding for interpretation of the applicability of the decision and order in Docket No. 659, General Order No. 69 (46 CFR Part 226), in the circumstances set forth above, the issue in the proceeding to be:

Whether the partial interference with removal of import cargo from piers at the Port of New York in April 1959 because of the refusal of truckmen to pick up cargo at some piers was of such character and extent as to make applicable the limitation on demurrage charges provided in Federal Maritime Board General Order No. 69, subparagraph (4) (46 CFR 226.1(d)).

It is further ordered, That notice of this proceeding be published in the FEDERAL REGISTER with invitation to all interested parties promptly to file petitions for intervention, and that the proceeding be set for hearing before an examiner of the Hearing Examiners' Office at a time and place to be announced.

Pursuant to the above order, notice is hereby given that the hearing will be conducted in accordance with the Board's rules of practice and procedure, at a date and place to be announced by the Chief Examiner, and a recommended decision will be issued by the examiner.

All persons (including individuals, corporations, associations, firms, partnerships, and public bodies), having an interest in this proceeding and desiring to intervene herein, should notify the Secretary of the Board promptly and should file petitions for leave to intervene in accordance with Rule 5(n) (46 CFR 201.74) of said rules.

Dated: July 22, 1959.

By order of the Federal Maritime Board.

[SEAL] JAMES L. PIMPER,
Secretary.

SUBJECT: Legality of Quitclaim Deed Transferring Alaska Road System

By: Meg Greene
Assistant Attorney General

Fairbanks, AK 99701

JAN 15 1981
Dept. of Nat. Res.
Mat-Su Area Office

You asked me to examine the Quitclaim Deed executed June 30, 1959, by the Acting Secretary of Commerce, which transferred ownership of the Alaska Road System from the United States to the State of Alaska. Specifically, you were concerned about whether the Secretary of Commerce had the authority to make such a conveyance. As explained below, the Secretary of Commerce did have the authority, and, in my opinion, the quitclaim deed is a legal conveyance.

In the Alaska Omnibus Act, 73 Stat. 141, the Secretary of Commerce was given the authority to convey the roads at issue here. Section 21(a) of that Act provides:

> The Secretary of Commerce shall transfer to the State of Alaska by appropriate conveyance without compensation, but upon such terms and conditions as he may deem desirable, all lands or interests in lands, including buildings and fixtures, all personal property, including machinery, office equipment, and supplies, and all records pertaining to roads in Alaska, which are owned, held, administered by, or used by the Secretary in connection with the activities of the Bureau of Public Roads in Alaska, (i) except such lands or interests in lands, including buildings and fixtures, personal property, including machinery, office equipment, and supplies and records as the Secretary may determine are needed for the operations, activities, and functions of the Bureau of Public Roads

> in Alaska after such transfer, including services or functions performed pursuant to section 44 of this Act; and (ii) except such lands or interests in lands as he or the head of any other Federal agency may determine are needed for continued retention in Federal ownership for purposes other than or in addition to road purposes.

The law was enacted June 25, 1959; the deed was executed June 30, 1959. Thus, the Secretary had the authority to transfer the lands in question. An acting secretary has all the powers of the secretary, so that presents no problems. There also should be no question that the conveyance allowed by section 21(a) is one of fee-simple title. See generally, 43 U.S.C. § 859.

If you have any additional questions or want to discuss this matter further, please contact me.
