

D. Redding - Sub. to J. Field Notes 12-14 AUG

⑧ no visit again for more details if & when this occurs. Took several pictures. Returned to Anchorage around 10 pm.

12 AUG

Left for McGrath at 4:30

13 AUG

Flew to Flat by charter after meeting w/ Sally & Ray Collins & Doug ? at Fish & Wildlife.

At Flat was invited to stay in vacant cabin by Sherry Kessler. Met & talked w/ Mrs. Williams (nee Miscovitch).

Flew by helicopter to 2 Iditarod trail cabins. Moore Ck $\frac{1}{2}$ way cabin & Bonanza Ck ARC Relief cabin.

The Moore Ck cabin has fallen down. It is a log cabin in relatively good shape except the bad roof accelerated its falling in. Another foundation was found in front of the cabin. Some barrels, gas cans, traps hanging in porch.

The Bonanza Ck cabin is lumber & in good standing condition. A good possible for Natl. Register nomination.

Also traps hanging in porch & ground area. A tent frame sits in front of building. Cabin sits 2 km from creek bank & may erode soon. The cabin appears to be used on occasion by trappers.

More detailed notes & maps were taken by Ralf Buzzal & Janet Clements. I took pictures.

14 AUG

Went to Iditarod w/ Jake S. & Angus Gibson (pilot) reconnoitered prior to Ralf & Janet's visit. Went back to Flat & was present during Julie's visits & interviews w/ John Miscovitch & Sherry Kessler. Visited Miscovitch's dredge.

15 AUG

Flew back to Anchorage from McGrath.
