Map Project Shelf 2
Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

- a. Shelf Number
 - b. Numerical item number (in the order as found on shelf) circled
- Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph
On back: denotes the writing/headings as they appear on the back of the photograph
On envelope: denotes the writing/headings as they appear on the envelopes

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Catalog of Shelf Materials

Shelf 3 Aerial Photos

1) No Envelope: Loose Photographs

On photos: NASA JSC 364 JUL 77

Numbers: 08-001 - 08-162

Alternative Numbering Sequence: 007 - 169

Total Number of Photographs: 162

2) No Envelope: Loose Photographs

On Photos: NASA JSC 364 JUL 77

Numbers: 12-001 - 12-016

12-022

12-042 - 12-043

12-054 - 12-065

12-076 - 12-077

12-124 - 12-156

12-167 - 12-171

12-181 - 12-203

Alternative Numbering Sequence:

017 - 032

038

058 - 059

070 - 081

092 - 093

100 - 106

115 - 116

127 - 138

140 - 172

183-187

197 - 219

Total Number of Photographs: 112

3) No Envelope: Loose Photographs

On photos: NASA JSC 427 JUL 80 ALASKA BW 120

Numbers: 13-141

13-149

Alternative Numbering Sequence:

161

169

Total Number of Photographs: 2

4) No Envelope: Loose Photographs

On photos: NASA JSC 364 JUL 77

Numbers: 14-001 - 14-195

Alternative Numbering Sequence: 005 - 199

Total Number of Photographs: 194

5) No Envelope: Loose Photographs

On photos: NASA JSC 364 JUL 77

Numbers: 16-001 - 16-003

16-006 - 16-021

Alternative Numbering Sequence:

005 - 007

010 - 025

Total Number of Photographs: 16

6) On envelope: EP13 (NOS) 8186-8219

On photos: NOS 9:20:86 EP 13

Numbers: 8186 - 8192

8194 - 8219

Total Number of Photographs: 33

7) On envelope: EP13 (NOS) 8161-8185

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Compiled for Cathy by

The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Catalog of Shelf Materials

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Catalog of Shelf Materials

Shelf 8 Aerial Photos

1) Loose photos, no divider

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

- a. Shelf Number
 - b. Numerical item number (in the order as found on shelf) circled
- Example: Shelf 1 : 23 indicates Shelf 1, number 23

- * On photo: denotes writing/headings as they appear on the front of the photograph
- On back: denotes the writing/headings as they appear on the back of the photograph
- On envelope: denotes the writing/headings as they appear on the envelopes
- No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers
- Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Compiled for Cathy by

The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

a. Shelf Number

b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Compiled for Cathy by
The ARLIS Technical Services Team

* Identification can be located on the bottom of each individual folder, identification marks are as follows:

- a. Shelf Number
- b. Numerical item number (in the order as found on shelf) circled

Example: Shelf 1 : 23 indicates Shelf 1, number 23

* On photo: denotes writing/headings as they appear on the front of the photograph

On back: denotes the writing/headings as they appear on the back of the photograph

On envelope: denotes the writing/headings as they appear on the envelopes

No Envelope: Loose Photographs: denotes photographs without an envelope, but are separated by dividers

Number sequence such as: 9:19:86 denote the date of the photograph (September 19th, 1986)

Catalog of Shelf Materials
